| <b>List of tables</b>  | <b>xiii</b> |
| <b>List of figures</b>                                       | <b>xiv</b>  |
| <b>Chapter 1 Introduction</b>                                | <b>1</b>    |
| Background and significance of research problem              | 1           |
| Objective of the study                                       | 11          |
| Hypothesis   | 11          |
| Definition of terms  | 12          |
| <b>Chapter 2 Literature review</b>                           | <b>15</b>   |
| Definition of depression                                     | 15          |
| Definition of depression in adolescents                      | 18          |
| Epidemiology of depression in adolescents                    | 22          |
| Risk factors associated with the development of adolescents' | 23          |
| Depression   |             |
| Signs and symptoms of depression in adolescents              | 30          |
| Assessment of adolescent depression                          | 32          |
| Etiology of adolescent depression                            | 33          |
| Problems associated with depression                          | 44          |

**TABLE OF CONTENTS (Continued)**

|---|-------------|
| Intervention for adolescents depression                             | 48          |
| Conceptual framework  | 68          |
| <b>Chapter 3 Methodology</b>  | <b>71</b>   |
| Research design   | 71          |
| Population and sample   | 73          |
| Instruments   | 78          |
| Instrument for data collection                                      | 78          |
| Instrument for intervention   | 86          |
| Preparation of research assistant                                   | 89          |
| Protection of human right   | 90          |
| Procedure of data collection  | 91          |
| Data analysis   | 110         |
| <b>Chapter 4 Results</b>  | <b>114</b>  |
| Part I: Demographic characteristics of participants                 | 115         |
| Part II: Testing hypothesis I                                       | 118         |
| Part III: Testing hypothesis II                                     | 122         |
| Part IV: Testing hypothesis III                                     | 125         |
| Part V: Intervention evaluation from adolescents<br>with depression | 128         |

|--|-------------|
| <b>Chapter 5 Discussion, conclusions, and recommendations</b>  | <b>139</b>  |
| Discussion   | 139         |
| Conclusions  | 153         |
| Implications to nursing  | 154         |
| Recommendations  | 155         |
| Limitation of study  | 156         |
| <b>References</b>  | <b>157</b>  |
| <b>Appendices</b>  | <b>200</b>  |
| <b>Appendix A</b> Informed consent form for participants   | 201         |
| <b>Appendix B</b> Ethical approval from Faculty of Nursing,<br>Chiang Mai University                     | 202         |
| <b>Appendix C</b> Instrumentations   | 204         |
| <b>Appendix D</b> Program materials  | 209         |
| <b>Appendix E</b> Research log   | 210         |
| <b>Appendix F</b> Confirmation of basic assumptions for the use of MANOVA                                | 211         |
| <b>Appendix G</b> List of experts for content validity of the leader's manual<br>and adolescent's manual | 212         |
| <b>Appendix H</b> List of validators for back translation  | 213         |
| <b>Appendix I</b> Permission to use instruments  | 214         |
| <b>Curriculum Vitae</b>  | 218         |

## LIST OF TABLES

| <b>Table</b> |  | <b>Page</b> |
|--------------|--|-------------|
| 1            | Demographic characteristics by group   | 116         |
| 2            | Demographic characteristics by group (continued)                                   | 117         |
| 3            | Main effects and interaction between groups on depressive symptoms                 | 119         |
| 4            | Comparison of the mean scores on depressive symptoms between groups                | 120         |
| 5            | Simple effects on depressive symptoms between groups by time                       | 121         |
| 6            | Main effects and interaction between groups on negative automatic<br>thought       | 123         |
| 7            | Simple effects on negative automatic thought between groups by time                | 124         |
| 8            | Main effects and interaction between groups on social and adaptive<br>functioning  | 126         |
| 9            | Comparison of the mean scores on social and adaptive functioning<br>between groups | 127         |

## LIST OF FIGURES

| Figure |   | Page |
|--------|---|------|
| 1      | Conceptual framework  | 68   |
| 2      | Flow chart of recruitment and matched pairs procedure                     | 77   |
| 3      | Comparison of the mean score of depressive symptoms over time             | 122  |
| 4      | Comparison of the mean score of negative automatic thought over time      | 125  |
| 5      | Comparison of the mean score of social and adaptive functioning over time | 127  |
