ACKNOWLEDGEMENTS

First of all, the author wishes to express his sincere gratitude and appreciation to Asst. Prof. Dr. Chaiyavat Chaiyasut, my supervisor for his kind supervision, suggestion, guidance and encouragements throughout the course of this research work.

The author would like to acknowledge the Office of Higher Education Commission, Thailand for supporting a grant fund under the program Strategic Scholarships for Frontier Research Network for the Join Ph.D. Program Thai Doctoral degree for this research.

Thanks are also due to all author's friends, colleagues, and graduate students in the Faculty of Pharmacy, Chiang Mai University, for their useful help and understanding throughout this research.

The author wishes to express deepest gratitude to the parents, and grandmother for their tender love, understanding, care and continuous encouragement.

Finally, the author is grateful to those whose names are not listed here for their contribution to the success of this research work.

Naphatsorn Kumar
