ACKNOWLEDGEMENTS

This thesis would not have been possible without the guidance and the help of several individuals who in one way or another contributed and extend their valuable assistance in the preparation and completion of this study.

First and foremost, my utmost gratitude to principle advisor, Assoc. Prof. Dr. Siriporn Okonogi for giving me the valuable suggestion and the kind precepts, co-advisor, Asst. Prof. Dr. Sunee Chansakaow whose kind recommendation. These cause me able to overcome obstacles as well.

I am very grateful for the kind member of the exclusive board, director and chairman of corporate social responsibility committee, S&J International Enterprises Public Co. Ltd., Prof. Dr. Malyn Chulasiri, who contributed medicinal plant extracts for used in my study.

In addition, a thankful to Asst. Prof. Dr. Sombat Chowwanapoonphon for his kind acceptance as a chairperson of the examination committee in this study.

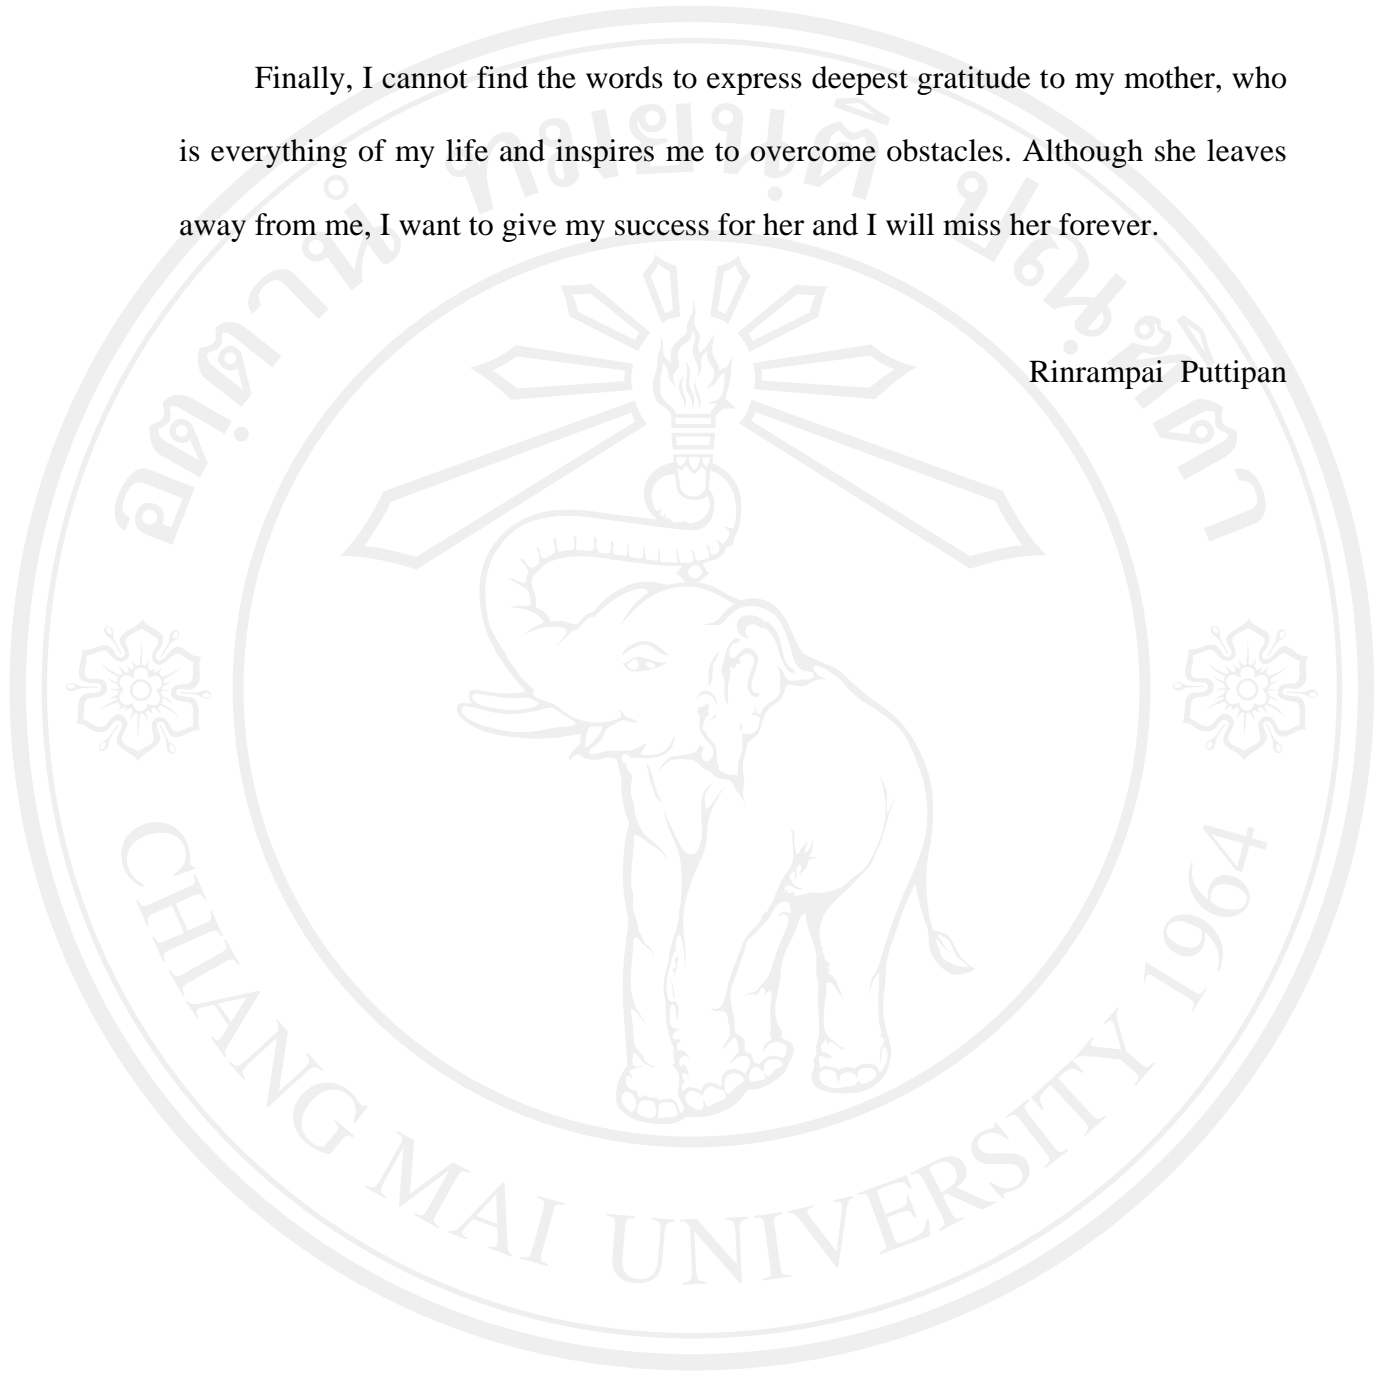

I would like to express my gratitude to Dr. Attasit Boonsong for giving encouragement and sincerely advised both learning and living.

I continue impressed helping of my colleagues in laboratory for everything since I came in here. I will not forget the moment we were together and their generosity that have always given me.

It is an honor for me to receive supporting from the Thailand Research Fund through the TRF - Master Research Grant (TRF-MAG), No MRG-525S054 in cooperation with S&J International Enterprises Public Co. Ltd. I also would like to thank faculty of Pharmacy and the Graduated School, Chiang Mai University.

Finally, I cannot find the words to express deepest gratitude to my mother, who is everything of my life and inspires me to overcome obstacles. Although she leaves away from me, I want to give my success for her and I will miss her forever.
