ACKNOWLEDGEMENTS

In order to educate just one person, I believe that society has to contribute a lot, and one such part of Thai society is the Regional Center for Sustainable Development (RCSD), to which I would like to give special thanks for offering me the chance to join its MA Program as well as receive financial support. Having an opportunity to study at RCSD has been one of the best things to happen in my life. I would like to thank all of the professors at RCSD, including Dr. Amporn Jirattikorn, Prof. Dr. Anan Ganjanapan, Dr. Aranya Siriphon, Dr. Chayan Vaddhanaphuti, Asst. Prof. Dr. Chusak Wittayapak, Mr. Ekamol Saichan, Assoc. Prof. Dr. Jamaree Chiengthong, Dr. Mukdawan Sakboon, Dr. Pinkaew Laungaramsri, Dr. Santita Ganjanapan, Dr. Wasan Panyagaew, Assoc. Prof. Dr. Wattana Sugunnasil and Professor Dr. Yos Santasombat, as well as the other professors and RCSD staff who I have not had the chance to mention by name here. Without their help, knowledge sharing and teaching spirit, my studies could not have been completed.

I would also like to thank all of my classmates: Ali Azgar Fakir, Amanda Joy, Truong Ngoc Thuy, Anselm Feldmann, Engsone Sisomphone, Douangsy Thammavong, Seint Sann, Myint Myint Kyu, Sengsuliya, Dhuba Khanal, Champa and Zulaikha Shabeen – for the times we have struggled, learned and shared together over the past three years. I am sure our friendships will remain in place forever; you never know, maybe our paths will cross again one day in the future.

I must also give thanks to all the great thinkers and theorists: Carl Marx, Michael Foucault, Michael de Certeau and others, some of whom I refer to in this study. Without these people showing me the way, a student like me would not know how to proceed.

I should thank all my informants, who taught me not only how to think academically, but also how to live my life. I would like to thank my father, mother and sisters, who are always there to support me and have shown patience throughout

my four years of study at RCSD, and have also been patient with me throughout my life.

Finally, I would like to give special thanks to my co-supervisor - Dr. Chayan Vaddhanaphuti, my committee member - Asst. Prof. Dr. Suchart Setthamalinee, and most of all, my supervisor - Dr. Amporn Jirattikorn, who as a teacher has given so much to a student like me.
