ACKNOWLEDGEMENTS

Here, I would like to express my greatest gratitude to those who have contributed to the success of my research project. First and foremost, I am deeply grateful to my main thesis supervisor, Prof. Dr. Saisamorn Lumyong, for her continuous advice, encouragement and guidance. I wish to express my sincere appreciation to Prof. Dr. Yasuhiko Asada, Asst. Prof. Dr. Chartchai Khanongnuch, Assoc. Prof. Dr. Akira Watanabe, Dr. Suraphon Chaiwongsar and Dr. Pairote Wongputtisin for their encouragement, invaluable help, suggestions and proofreading my thesis manuscript.

Furthermore, appreciations are also expressed to the staff, laboratory colleges, co-workers and friends of the Excellent on Sustainable Development of Biodiversity Resources Center Laboratory, Department of Biology, Faculty of Science, Chiang Mai University, Department of Biotechnology, Faculty of Agro-Industry, Chiang Mai University and Department of Applied Biological Science, Faculty of Agriculture, Kagawa University, Japan for providing facilities, assistances and friendships during the research being done.

I wish to acknowledge the Energy Policy and Planning Office, Ministry of Energy, The Office of National Research Council of Thailand (NRCT), and the Graduate School of Chiang Mai University, Chiang Mai, Thailand for financial support.

Thanunchanok Chairin
