ACKNOWLEDGEMENT

I would like to express my gratitude to my advisor, Assistant Professor Dr. Yuttana Kumsuwan for his support, guidance, opportune encouragement and flexibility throughout my studies at Chiang Mai University.

I would like to thank financial supports from National Research University (NRU) Project from Office of the Higher Education Commission of Thailand and Energy Conservation Promotion Fund, Energy Policy and Planning Office (EPPO) and Graduate School of Chiang Mai University.

I would like to thank my friends and colleagues for support and useful comments throughout my studies.

Finally, I would like to my wife Pantipa Wattanakorn and my son for their encouragement and support.
