ACKNOWLEDGEMENTS

I wish to acknowledge the financial support from the Energy Planning and Policy Office, the Office of Higher Education Commission via the National Research University program, and Chiang Mai University for this research. This study has been completely conducted accordingly to very kind supports from many people. First of all, I would like to express my gratitude to Assoc. Prof. Dr. Nakorn Tippayawong who is my chairperson of advisory committee for inspiration, knowledge, experience, research perspective, valuable suggestions and willpower that cause this study completed. I would like to thank Asst. Prof. Dr. Det Damrongsak, and Asst. Prof. Dr. Wacharapong Tachajapong for being my advisory committee and providing me suggestions. I would like to thank Asst. Prof. Dr. Patiroop Pholchan for being my examining committee and Prof. Dr. Phadungsak Rattanadecho for being my external examining committee and granting suggestions to me. I wish to thank technical and secretarial assistance from Assoc. Prof. Thawan Sucharitakul, Asst. Prof. Dr. Yottana Khunatorn, and Dr. Thanasit Wongsiriamnuay. Thanks are also due to all of my colleagues in SURE Laboratory for all of supports, suggestions, willpower and appreciated friendliness during my research work. And I also thank many people who help me but I cannot present each of their names here. Finally, I would like to express my deepest gratefulness to my family for care, willpower and supports in my whole life.

Parin Khongkrapan
