Chapter 1 Introduction	1
1.1 Background of study	1
1.2 Research Questions	9
1.3 Research Objectives	10
1.4 Research Methodology	10
Chapter 2 Theoretical	20
2.1 Natural Ecology	25
2.1.1 Forest Ecology	26
2.1.2 Watershed Management	29
2.2 Community culture theory	36
2.2.1 Natural resource management in terms of cultural community	36
2.2.2 Resource management by using community based.	42
2.3 Political ecology	44
2.4 Criticizing the previous description of body of knowledge and literature review	49
Chapter 3 The Basic Elements of the Environmental Foundation that Affect Community Forest Management.	69
3.1 Biophysical characteristics of Nam Kian Community	69
3.1.1 Location and territory	69
3.1.2 Climate	73
3.1.3 Biophysical Characteristics of Water Resources	73

3.2 Introduction to Community Forestry	74
3.2.1 Characteristics of the Forest Ecosystem	77
3.2.2 Background of Pha Khun Kian Forest Management	82
3.3 The Social Character of the Nam Kian Community	85
3.3.1 Settlement History	85
3.3.2 Relatives System	86
3.3.3 Demographic Structure	88
3.3.4 Transportation	88
3.3.5 The Governance	89
3.3.6 Social management	91
3.3.7 Religion and Beliefs	92
3.3.8 The Leadership and Social Network of Nam Kian District	95
3.3.9 Leadership in Nam Kian sub-district	96
3.3.10 Life and Social Groups in the Community	97
3.3.11 Lifestyle and Social Groups	99
Chapter 4 Dynamics of community forest management at Nam Kian sub-district, Phu Piang district, Nan province	101
4.1 Community Forest Management in Community Establishing Settlement Period	102
4.1.1 The Ecological Condition of the Forest	102
4.1.2 Land Use	103
4.1.3 Production System	105
4.1.4 The Economy System	112
4.1.5 Sense of Community	115
4.1.6 Forest Utilization	119
4.1.7 Forest Management	125
4.2 Forest management during the expansion of the community between 2511 B.E. - 2547 B.E	133
4.2.1 Ecological Condition of the Forest	133
4.2.2 Land Use	135
4.2.3 Production System	138
4.2.4 The Economy System	148

4.2.5 Sense of Community	152
4.2.6 Forest Utilization	162
4.2.7 Forest Management	167
4.3 The community forest management in the present. (2005-2013)	183
4.3.1 Forest Ecological Condition of the Forest	183
4.3.2 Land Use	184
4.3.3 Production System	188
4.3.4 The Economy System	197
4.3.5 Sense of Community	202
4.3.6 Forest Utilization	207
4.3.7 Forest Management	212
Chapter 5 Theoretical Criticism Related with Relation of Complex Factors and Community Forest Management	225
5.1 Factors affecting pattern alteration of community forest utilization and management	226
5.2 Analysis of Dynamism of Complex Factors Affecting Community Forest Management in Nam Kian Sub-district and Pattern Alteration of Relation of Forest Utilization and Management from the Past to Present	243
5.3 Theoretical Criticism and Suggestion	247
Bibliography	256
Curriculum Vitae	263

LIST OF TABLES

	Page
Table 4.1 Product for consumption in community	146
Table 4.2 Products for sale	147
Table 4.3 Occupation	149
Table 4.4 The proportion of the community using the forest	162
Table 4.5 The comparisons of land use in Nam Kian watershed during 2007 and 2012	187
Table 4.6 Corn cultivated area in Nam Kian sub-district	192
Table 4.7 The Para rubber growing area	196
Table 4.8 The occupation in the community	198
Table 4.9 Rubber tree selling income	199
Table 4.10 The comparison of NTFPs utilization of forest community of Nam Kian in the past and present time	209
Table 4.11 The proportion and the amount of NTFPs in issues	211
Table 4.12 Activities on forest management	219
Table 5.1 Factors affecting pattern alteration of community forest utilization and Management	227

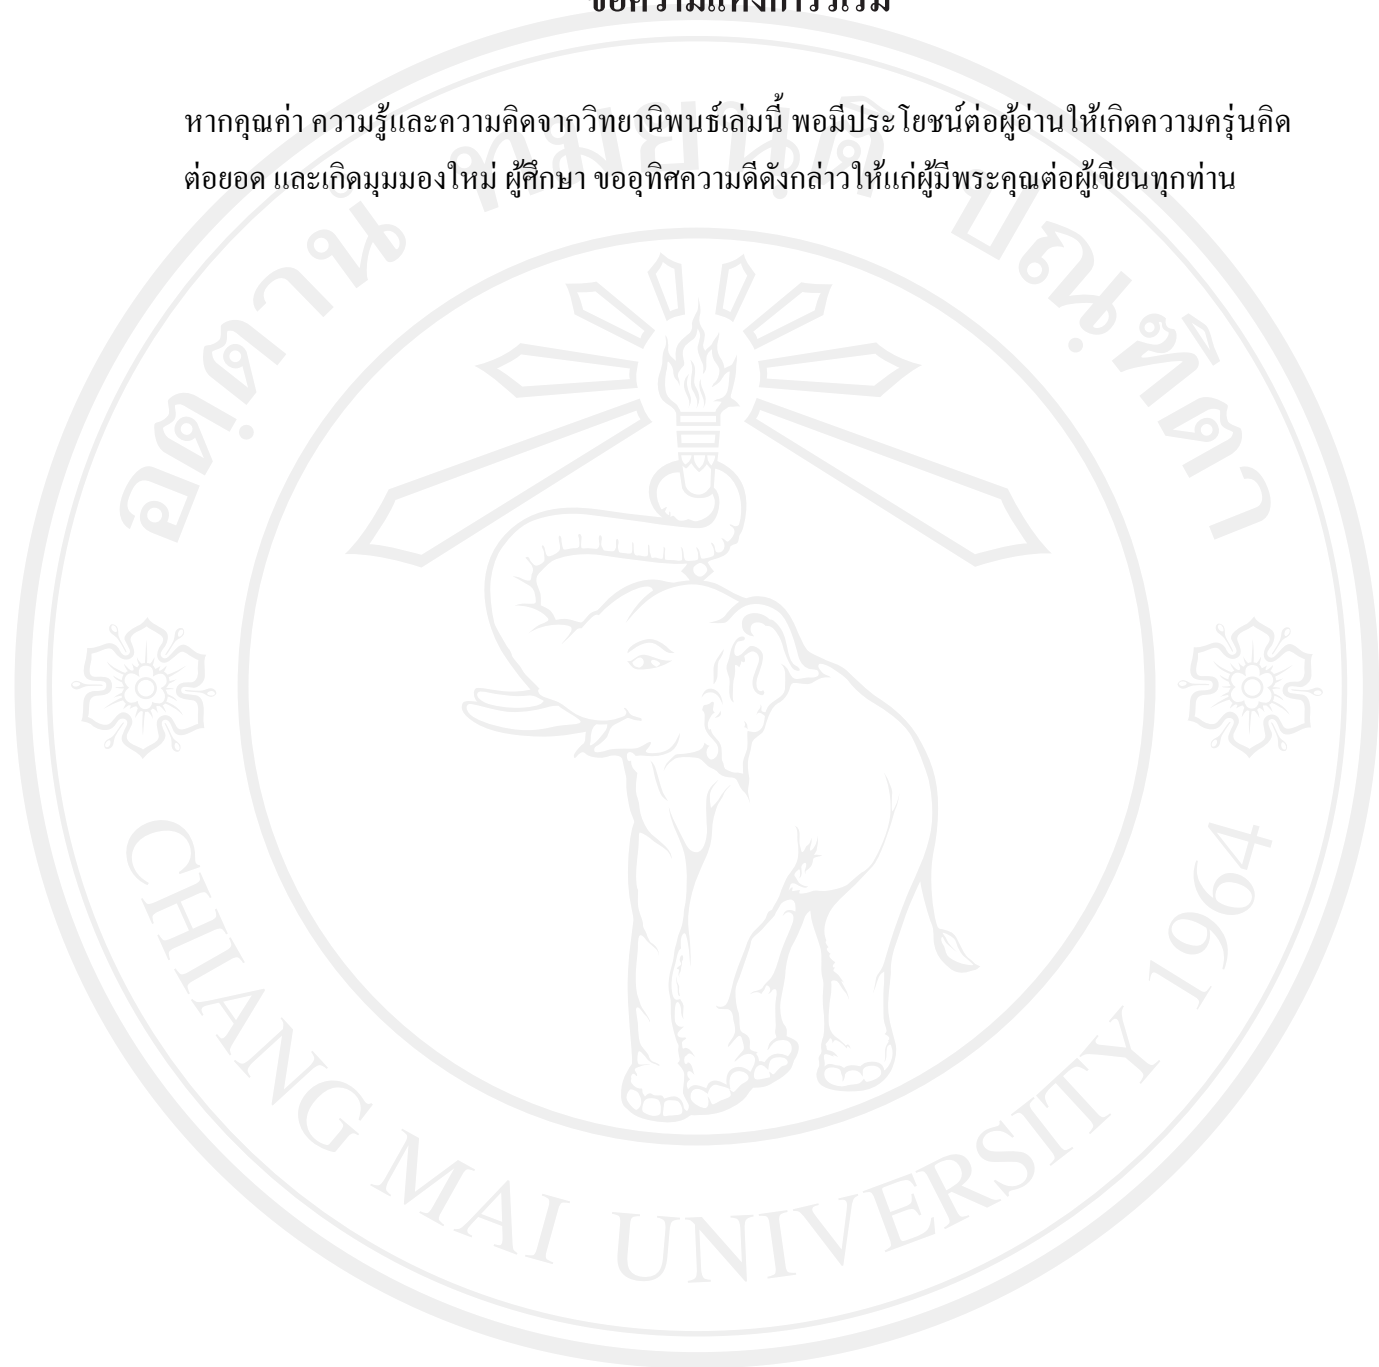

LIST OF FIGURES

	Page
Figure 1.1 Conceptual framework	12
