ACKNOWLEDGEMENTS

I would like to express my gratitude to Assoc. Prof. Dr. Soontorn Khamyong as the advisor for his encouragement, kindness and guidance on the overall of research works during my study. I would like to especially thank Dr. Niwat Anongrak, Co-advisor, who has been a great consultant in the soil analysis, suggestions for thesis manuscript correction about soil science. I also grateful to Assoc. Prof. Dr. Kriangsak Sri-ngernyuang, one of my thesis co-advisor, for his strong support, suggestions and thesis manuscript correction on plant ecology.

I would like to thank Asst. Prof. Dr. Jitti Pinthong and Dr. Arawan Shutsrirung for their kindness to give suggestions on various aspects and corrections of my thesis manuscript.

I am also thankful to Mrs. Ampai Pornleesangsuwan, Mr. Somchai Nongnuang for support data to fulfill my research. Mr. Jakapun Soontonvarapas and Mr. Taparat Seeloy-ounkeaw for help especially data collection in my work. This research was received some financial supports from Maejo University. I sincerely thank for their.

Finally, I would like to express all of my love to my mother who always embrace and encourage me to learn, live and love, and also for understanding and their patience in looking forward to my success.
