ACKNOWLEDGEMENTS

This study is dedicated to all who have supported me, encouraged me and have made a valuable contribution to my study. I would like to express my gratitude to the Thailand International Development Cooperation Agency (TICA) and the National University of Laos in supporting me financially. Without them I would not be able to have an opportunity to do a Master's Degree at Chiang Mai University. I would like to extend my appreciation to all my great professors who have generously shared their knowledge, expertise and intelligence. I would, firstly, I would like to express my appreciation and sincere gratitude to Asst. Prof. Dr. Chusak Wittayapak, my thesis advisor. I am grateful for the time he generously gave me and his endeavor to engage me in discussion on number of occasions. I am also indebted to Prof. Dr. Yos Santasombat, my thesis co-advisor, for giving me ideas and comments to enhance my research and move in the right direction so that I could achieve my objectives.
