ACKNOWLEDGMENTS

I am grateful to many people who have helped and supported me throughout the research study and I would like to take this opportunity to express my gratitude to all of them even I don't mention here for their kind assistance and supported me. I would like to express my deepest gratitude to Veterinary Public Health Centre for Asia Pacific (VPHCAP), Chiang Mai University (CMU) Thailand, Freie Universität Berlin (FUB), Germany and all MPVH Administrative staff on both German and Thai sides, Prof. Dr. Karl Hans Zessin, Dr. Maximilian Baumann and their staff in Germany, Assoc. Prof. Dr. Lertrak Srikitikarn, Assist. Prof. Dr. Kwanchai Kreausukon and their staff in Thailand for giving me the opportunity to improve my knowledge in MVPH course and support me. My sincere thanks also go to Director of Department of Development and Director of Bureau of Livestock Standards and Certification who allow me to study. I would like to express the deepest appreciation to VPHCAP for my academic financial support and provided financial support for this research.

It would not have been possible to write this master thesis without the help, support and patience of my advisor. I would like to express my sincere gratitude to Dr. Maximilian Baumann of International Animal Health, Faculty of Veterinary Medicine, Freie Universität Berlin, Germany and Dr. Veerasak Punyapornwithaya of Department of Ruminant Clinic, Faculty of Veterinary Medicine, Chiang Mai University, Thailand for useful advises through the studying period of this master thesis. Furthermore I would like to thank Prof. Dr. Reinhard Fries of Institute of Meat Hygiene and Technology, Faculty of Veterinary Medicine, Freie Universität Berlin, Germany for his invaluable guidance and comments helped me in my study.

I would like to thank all professors, lecturers and assistants in the Joint Master Program in Veterinary Public Health from CMU, FUB and Institute for Meat

Hygiene, Meat Technology and Food Science, University of Veterinary Medicine in Vienna (VUW) for knowledge and the experience in Veterinary Public Health field.

I would like to acknowledge the DLD district and provincial office in Livestock Region 1 for cooperation and introducing me and my study to the slaughterhouse owner. Also, I would like to thank the DLD meat inspector who participants in my study, who have willingly supported me during the study.

I also would like to thank all persons involved from the Bureau of Livestock Standards and Certification (BLSC), the Livestock Product Inspection Sub-Division of BLSC, Slaughterhouse Domestic Control Sub-Division of BLSC for helped and supported me everything, and special thanks to Dr. Sombat Suphaprapakarn, Dr. Patpong Lohaankul and Dr. Marut Chiangthian for kind assist, advised and supported data in this study.

I owe my deepest gratitude to slaughterhouses owners and their staff for their cooperation and permission me to observe and collect the data.

My thanks and appreciations also go to my friends in the fifth batch of MVPH program were always willing to help and we have the fantastic time together. The most special thanks goes to my family, my husband and my daughter for their encouragement, unconditioned supported and cheering me up.

Suphanan Boonyakarn
