ACKNOWLEDGEMENT

I would like to express my deepest sincere appreciation to my advisor, Associate professor Dr. Patcharin Raviyan for her kindness, guidance, invaluable help and constant encouragement throughout of this research. I am most grateful for her teaching and advice, not only the research methodologies but also many other methodologies in life. I would not have achieved this far and this thesis would not have been completed without all the support that I have always received from her.

Sincerely thanks were given to my examining committee including Assoc. Prof. Dr Wiwat Wangcharoen and Dr. Pilairuk Intipunya, for all of comments and good suggestion to complete this dissertation. In particular, I was appreciated the support of the Division of Food Science and Technology, Faculty of Agro-Industry, Chiang Mai University for giving me their helpful in providing facilities and materials for my thesis.

Finally, I most gratefully acknowledge my parents and my friends for all their support throughout the period of this research.
