## ACKNOWLEDGEMENT

I would like to express my great appreciation to my advisor, Assoc. Prof. Dr.Nuttha Potapohn, co-advisor Lect. Dr.Weenun Bundithya and Prof. Dr.Fukai Seiichi, for their valuable and constructive suggestions during my year planning and development of this research work. I appreciated Asst. Prof. Dr.Chita Inpar as the external examiner. I am thankful to Miss Anchali Wongsas for suggestion about molecular data analysis and Miss Mallika Duangkhet for her help in molecular techniques. I would like to thank Center for Agricultural Biotechnology Laboratory, Faculty of Agriculture, Chiang Mai University, Orchid nursery of Horticulture Division, Department of Plant Science and Natural Resources, Faculty of Agriculture, Chiang Mai University and H.M. the King's Initiative Centre for Flowers and Fruits Propagation at Ban Rai Village, Hang Dong District, Chiang Mai, Thailand for materials. I am also thankful to the officers of Horticulture Division, Department of Plant Science and Natural Resources, Faculty of Agriculture, Chiang Mai University and Faculty of Agriculture, Kagawa University, Japan for their help.

I would like to acknowledge supports of the Double Degree Program (DDP) between Kagawa University, Japan and Chiang Mai University, Thailand.

Finally, I wish to thank my family and my friends for their support and encouragement throughout my study.
