ACKNOWLEDGEMENTS

The opportunity to study in the doctoral program has been a great experience for me. The process of doing research and completing this thesis was also helpful in improving my personal and academic skills. The accomplishment could not have been completed without the encouragement and support of several key people in my life so it is with heartfelt gratitude that I wish to acknowledge the following people:

I would like to express my extreme gratitude and appreciation to my advisory committee, Assistant Professor Dr. Seepan Kantawang, Associate Professor Dr. Tipaporn Wonghongkul and Associate Professor Dr. Wanchai Leartwattananawilat for being my advisors and providing thoughtful suggestions to conduct this study. Thank you for helping me to explore my ideas and adding precious feedback throughout the completion of the study.

I would like to thank my examination committee, Associate Professor Dr. Linchong Pothiban, Assistant Professor Dr. Sirirat Panuthai and Assistant Professor Dr. Autchareeya Patoomwan for their valuable suggestions and recommendations.

I would like to give my special thanks to my colleagues at *Pediatric and Obstetric Nursing Department, The Thai Red Cross College of Nursing* for allowing me the time to study in this program. I am also grateful to The Alumni Association of the College of Nursing, The Thai Red Cross Society for contributing supporting funds for this study. Special thanks to The Thai Red Cross Society for providing a scholarship for my study in this program.

I would like to acknowledge all experts who gave helpful suggestions to establish the research instruments' content validity.

Thanks to the participants who kindly participated in this study. My appreciation is extended to the nurses and other health care providers at Ramathibodi Hospital, King Chulalongkorn Memorial Hospital, Queen Sirikit National Institute of Child Health and Phramongkutklao Hospital for their cooperation and help in my data collection.

I would like to thank my classmates for sharing and encouraging me to pass the process of studying the doctoral program. It was truly a learning process from the first step of being enrolled in this program through the attachment that occurred among people who have confronted similar situations. I always remember that friends are important for studying in this program.

Lastly, with love and my deepest gratitude to all of my family members and relatives for your love, support, and encouragement, which are never ending.

Chayabhorn Tiwaree
