ACKNOWLEDGEMENT

The author wishes to express her deep and sincere gratitude to my advisor, Asst. Prof. Dr. Sunee Chansakaow of Department of Pharmaceutical Sciences, Faculty of Pharmacy, Chiang Mai University, Chiang Mai, for her kind supervision, advices and guidance during my Ph.D. study

I would like to express my sincere thanks to my co-advisors, Asst. Prof. Dr. Dammrong Santiarworn of Department of Pharmaceutical Sciences, Faculty of Pharmacy, Chiang Mai University, Chiang Mai, for his kind supervision, suggestions, helpful comments, guidance, encouragement and partial financial support during this research study.

I would like to express my sincere thanks to my co-advisors, Assoc. Prof. Somporn Putiyanan and Assoc. Prof. Dr. Surapol Natakankitkul of Department of Pharmaceutical Sciences, Faculty of Pharmacy, Chiang Mai University, Chiang Mai, for their kind supervision, suggestions, helpful comments and guidance throughout this research study.

I would like to sincerely thank Assoc. Prof. Kesorn Nantachit, Prof. Dr. Yohji Ezure and Assoc. Prof. Dr. Boonsom Liawruangrath of Department of Pharmaceutical Sciences, Faculty of Pharmacy, Chiang Mai University, Chiang Mai, together with Assoc. Prof. Dr. Nijisiri Ruangrunsi of Department of Pharmacognosy and Pharmaceutical Botany, Faculty of Pharmaceutical Sciences, Chulalongkorn University, Bangkok, for their guidance suggestions and help.

I would like to thank Mr. Banyong Khantawa, Microbiology Section, Central Laboratory, Maharaj Nakorn Chiang Mai Hospital, Chiang Mai, for kindly suggestions and providing the microbiology laboratory.

I would like to thank Assoc. Professor Dr. Boonchoo Sritularak of Department of Pharmacognosy and Pharmaceutical Botany, Faculty of Pharmaceutical Sciences, Chulalongkorn University, Bangkok, for his suggestion and NMR measurements.

I would like to thank Assoc. Prof. Dr. Polkit Sangvanich, Department of Chemistry, Faculty of Science, Chulalongkorn University, Bangkok, for MS measurements.

I would like to thank Dr. Prachaya Srisanga, Herbarium Curator, State Enterprise-Ministry of Natural Resources and Environment, The Botanical Garden Organization, Research and Development Building, Mae Rim, Chiang Mai and Mr. J. F. Maxwell, CMU Herbarium, Department of Biology, Faculty of Science, Chiang Mai University, for their kindness in identifying and finding the plant materials.

I am grateful to thank all the technical support staff in the Faculty of Pharmacy, Chiang Mai University, Chiang Mai, for their kind helps.

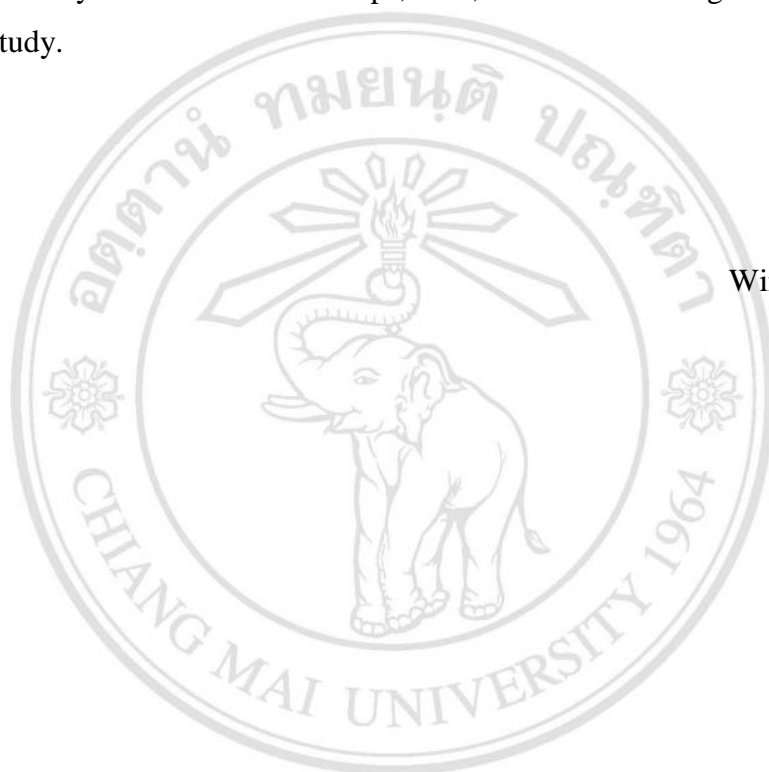

I gratefully acknowledge to the Graduate School of Chiang Mai University and the Faculty of Pharmacy, Chiang Mai University for their partial financial supports.

I would like to thank the director, the chief and the co-worker of Rong Kwang Hospital, Phrae, for their encouragement throughout this research study.

I am also special thanks to all of my friends, the teacher and the Ph.D. students of the Faculty of Pharmacy, Chiang Mai University, Asst. Prof. Dr. Ampai Phutivorapongkul, Dr. Purida Wientong, Dr. Supat Jiranusornkul, Dr. Puxvadee Chaikul, Dr. Sorachai Khamsan, Ms. Wasana Prapalert, Dr. Daungsuree Sanseera, Dr. Sukanya Keawsa-Ard, Dr. Nasapon Povichit, Miss Nichthima Warinthip, Dr. Nichakan Phoowiang, Miss Jureeporn Jeamjai, Dr. Jiraporn Chuangbunyat, Miss Nadechanok Jiangseubchatveera and the others for their helps and friendship.

I wish to express my warm and sincere thanks to my friends, Mr. Natthawat Chetsadawut, Mr. Ratchanachai Pimsawat, Miss Jiranuch Jamtaweekul, Miss Witita Paibon, Miss Thanatcha Wiangkham and Asst. Prof. Dr. Mayuree Kanlayavattanakul for their kind helps, encouragements and friendship.

Finally, I wish to express my deepest gratitude to my parents, my sister, my brother and all of my relatives for their helps, love, care and encouragement throughout this research study.

Wimaluk Nopsiri
