ACKNOWLEDGEMENT

I would like to express my thanks to The Southeast Asian Regional Center for Graduate Study and Research in Agriculture College (SEARCA), Los-Banos, Philippines, who financed me during the two years of my Master of Agricultural Systems Management program. I am a thankful to Agricultural Systems Management programme, faculty of agriculture, Chiang Mai University for an excellence program. I am a grateful to the Ministry of Agriculture and Forestry (MAF), National Agriculture and Forestry Research Institute of Laos (NAFRI) for offering me this opportunity to study in Thailand.

I would like to offer my eternal gratitude to Asst. Prof. Dr. Budsara Limmirankul, my major advisor, for giving me the best opportunity to be successful in my studies, through her excellent comments and for her patience, support and time in discussing this MSc thesis. I would like to thanks her for her excellent suggestions during the three years of the study.

I would like to thank to my co-advisor Lect. Dr. Prathanthip Kramol and Dr. Panomsak Promburom for their support of this thesis. Who advised on this thesis and give me great ideas and suggestions for the thesis proposal. I would like to offer my thanks to the Agricultural Systems Management programme, faculty of agriculture, Chiang Mai University for giving me a chance to study at faculty of agriculture, Chiang Mai University.

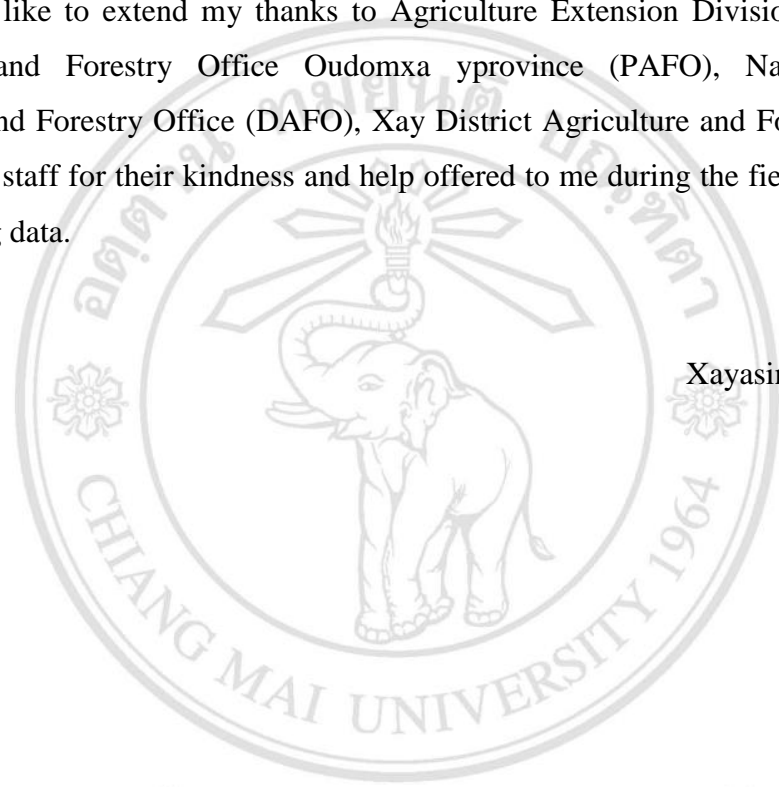

I am a thankful to Dr. Dr. Editha C. Cedicol, Dr. Maria Cristeta N. Cuaresma and staff at Southeast Asian Regional Center for Graduate Study and Research in Agriculture College (SEARCA), Los-Banos, Philippines for an excellence work and fantastic organization regarding my finances during the last two years.

I am a grateful thanks to Assoc. Dr. Benchaphun Ekasingh and Asst. Prof. Dr. Chanchai Sangchyoswat and Lecturers at Agricultural Systems Management programme, faculty of agriculture, Chiang Mai University for give me an opportunity and best lectures. Many thanks go to Mrs. Juthamat Onpraphai and staff at Agricultural Systems

Management programme, who support in arranging the materials and documentation for her best helping and organizing for my documents during the period of the study at Chiang Mai University.

I would like to thank to Dr.Bounneuang Douangbupha at Horticulture Research Centre (HRC) who gave this opportunity of studying at Chiang Mai University, ChiangMai Thailand.

I would also like to extend my thanks to Agriculture Extension Division, Provincial Agriculture and Forestry Office Oudomxa yprovince (PAFO), Namor District Agriculture and Forestry Office (DAFO), Xay District Agriculture and Forestry Office (DAFO), and staff for their kindness and help offered to me during the field trip survey and collecting data.

Xayasinh Sommany
