ACKNOWLEDGEMENTS

This thesis has been done with kindness of Asst. Prof. Dr. Peeraya Munkhetvit, the thesis advisor. Let me highly appreciate in generous on your knowledge, advice, counsel, and discussion until the completion of the paper.

Highly appreciate the effort of Asst. Prof. Dr. Sarinya Sripetcharawut and Asst. Prof. Dr. Suchitbhorn Lersilp, co-advisors in generous on your advice, counsel, and discussion until the completion of the paper.

Highly appreciate the effort of Assoc. Prof. Dr. Ratchaneekorn Tongsookdee, Dr. Nootchanart Ruksee and Asst. Prof. Dr. Supaporn Chinchai in generous on your time to be committee member and certificated my proposal and thesis and also gave advice to reach the completion of thesis.

Highly appreciate on the effort of Ms. Hataichanok Apigomongorn, Dr. Anuchart Kaunnil, Ms. Nutsuda Chuamanochan, and Ms. Apinya Chanla, Knowledgeable people on the translation process until the thesis has well succeeded.

Highly appreciate the officers and the executive heading The Rajanagarindra Institute of Children Development, Chiang Mai province, for collectable information from lists of the schools where the samples were studying.

Appreciate all teachers of Watweruwan School (Sarapee Chananukul), Watchedyod School, Watmaegadnoi School, Banchaechang School (Tephanukul), Watsanmahokfa School, and Watkajao School, including to all students that helped in data collection.

Highly appreciate the kindness and encouragement of my parents. All throughout my life and eternally forever, I am very grateful for the greeting, grace and mercy that I receive from my father and my mother.

My special thanks to my good friends, Ms. Piyachat Changpoonthong and Ms. Chalisa Kallayanamitra, for the help and encouragement. Moreover, I am thankful to all the Professors and Lecturers at the Department of Occupational Therapy in the Faculty of Associated Medical Science at Chiang Mai University who help me to

improve my knowledge by sharing their views and opinions through the Ph.D. seminars.
For anyone whom I have forgotten, my sincere thanks.

Finally, if there are any errors or mistakes, let me highly apologize on that. The researcher hopes that this thesis would be an advantage for any occupation or institute. Also hope that they could take the data PRPP System: Thai Version for further advantages.
