

## CURRICULUM VITAE

<b>Name</b>	Mr. Watcharin Srirattanawichaikul
<b>Date of Birth</b>	1 July 1984
<b>Education</b>	2006 Bachelor of Engineering (First Class Honors), Electrical Engineering, King Mongkut's Institute of Technology Ladkrabang 2008 Master of Engineering, Electrical Engineering, Chiang Mai University
<b>Scholarship</b>	Thailand Research Fund (TRF) through the Royal Golden Jubilee Ph.D. Program for financial support throughout this Ph.D. Course.
<b>Publications</b>	W. Srirattanawichaikul, Y. Kumsuwan, S. Premrudeepreechacharn, and B. Wu, "A Vector Control of a Grid-Connected 3L-NPC-VSC with DFIG Drives," IEEE International Conference on Engineering/Electronics, Computer, Telecommunications and Information Technology (ECTI-CON 2010), May 19-21, 2010, Page No. 828-832. W. Srirattanawichaikul, Y. Kumsuwan, S. Premrudeepreechacharn, B. Wu, "A Carrier-Based PWM Strategy for Three-Level Neutral-Point-Clamped Voltage Source Inverters," IEEE International Conference on Power Electronics and Drive Systems (IEEE-PEDS 2011), December 5-8, 2011, Page No. 948-951.

W. Srirattanawichaikul, S. Premrudeepreechacharn, Y. Kumsuwan,  
“Modified Unipolar Carrier-Based PWM Strategy for Three  
Level Neutral-Point-Clamped Voltage Source Inverters,” Journal of  
Electrical Engineering & Technology (JEET), Vol. 9, No. 2, 2014,  
Page No. 489-500.
