ACKNOWLEDGEMENT

I would like to express my full gratitude to my advisor, Assistant Professor Dr. Atiporn Seaung of the Department of Parasitology, Faculty of Medicine, Chiang Mai University, Thailand, for her ideas on initiating my research, kindness, excellent instruction, expert guidance, constructive criticism, constant encouragement, patience and understanding during various stages of this study, which enabled me to complete my research.

I would like to express my sincere gratitude to my co-advisors: late Professor Dr. Wej Choochote and Assistant Professor Dr. Anuluck Junkum of the Department of Parasitology, Faculty of Medicine, Chiang Mai University, and Dr. Sorawat Thongsahuan of the Faculty of Veterinary Science, Prince of Songkla University, Thailand, for their supervision, encouragement, advice, criticism, helpful invaluable comments and suggestions for this research.

I would like to express deep thanks to Professor Emeritus Dr. Hiroyuki Takaoka of the Institute of Biological Sciences, Faculty of Science, University of Malaya, Kuala Lumpur, Malaysia and Dr. Ralph E. Harbach of the Natural History Museum, London, UK, for their valuable suggestions and comments on my thesis. I would also like to thank Associate Professor Dr. Yasushi Otsuka of the Research Center for the Pacific Islands, Kagoshima University, Japan, for his kindness and valuable guidance on molecular genetics study in my research.

I am greatly appreciate Dr. Rampa Rattanarithikul of the Museum of World Insects and Natural Wonders, Chiang Mai and Associate Professor Dr. Udom Chaithong of the Department of Parasitology, Faculty of Medicine, Chiang Mai University, Thailand, for being my examiners and giving their valuable suggestions, and comments that strengthened my thesis.

I would like to thank the instructors at the Department of Parasitology, Faculty of Medicine, Chiang Mai University, for providing me with basic and advanced Parasitology knowledge, and also facilitating my research work. Unforgettably, special thanks go to Mr. Phetchaboon Poolpol, Mr. Wichai Srisuka, Dr. Kritsana Taai, Ms. Watcharatip Dedkhad, Ms. Chayanit Hempolchom, Ms. Siripan Songsawatkiat and all my friends at Department of Parasitology for their friendship, help and encouragement during my graduate study.

I would like to acknowledge the Thailand Research Fund (TRF Senior Research Scholar: RTA5480006) and the Diamond Research Grant of Faculty of Medicine, Chiang Mai University, Thailand, for their financial support throughout my graduate study.

Finally, I would like to express my heart-felt gratitude to my father, sister, wife and children for their love, understanding, and moral support throughout my life.
