ACKNOWLEDGEMENT

It is a genuine pleasure to express my deep sense of thanks and gratitude to all those who give me the possibility to complete this thesis. I would like to express my gratitude to my supervisor, Dr. Waranont Anukool, for his supervision, encouragement, wise suggestion, and all kind helps all the time of research. This study could not be done without close support from all members of Quantum Atom Optics Laboratory, especially Dr. Narupon Chattrapiban, N. Tanasanchai, and K. Srakowl for exchanging ideas and experiences on this research. I gratefully acknowledge Development and Promotion of Science and Technology Talent Project (DPST) for all supports. Finally, it is a pleasure to express my gratitude wholeheartedly to everyone whose support me to complete this work.
