ACKNOWLEDGMENTS

I would like to express my appreciation to my advisor Professor Dr. Suttichai Krisanaprakornkit for providing direction, suggestion on this research. This thesis would not have been completed without all the support that I have always received from him.

I would like to also thank my advisory committee, Associate Professor Dr. Surawut Pongsiriwet and Dr. Supansa Pata, for their helpful suggestion and guidance.

I am grateful to Dr. Pareena Chotjumlong, Dr. Witida Laopajon and Mr. Anupong Makeudom for the technical assistance and friendship. Special thanks go to Dr. Thanapat Sastraruji for statistical analyses.

Additionally, I would like to thank those whose names are not mentioned here but have greatly inspired and encouraged me until this thesis comes to a perfect end.

This study was supported by the Intramural Endowment Fund, Faculty of Dentistry, Chiang Mai University.
