ACKNOWLEDGEMENTS

The author would like to mention lots of appreciation to the people who have supported the completion of this paper.

The author firstly would like to show her gratitude to Dr. Pisit Leeahatam, the Dean of Faculty of Economics, Chiang Mai University, for his warm welcome, and also for his kind seeking of financial support for my study. The author would like to show her sincere gratitude to Bangkok Bank Public Company Limited for providing a full scholarship for this master program.

The author also would like to show her sincere respect to her advisor, Lect. Dr. Pairach Piboonrunroj, for his full support, the most valuable guidelines with his advanced knowledge, to the completion of this paper.

The author also wants to thank all of the peers from this program for their support, not only in course work but also data collecting and thesis writing, and the staff at the Faculty of Economics, Chiang Mai University for their kind support. The author also wants to express many thanks to her family who support her with happiness and love.
