ACKNOWLEDGEMENTS

I would like to sincerely thank my advisor, Prof. Dr. Kate Grudpan, for his invaluable guidance, kind suggestions and encouragements throughout my study and this work. I wish to express my sincere appreciation to Assoc. Prof. Dr. Ian D. McKelvie and Dr. Wasin Wongwilai for invaluable guidance, kind suggestions and discussion. I would like to acknowledge Assoc. Prof. Dr. Prasak Thavornyutikarn, Dr. Ponlayuth Sooksamiti (Department of Primary Industries and Mines), Asst. Prof. Dr. Somchai Lapanantnoppakhun and Asst. Prof. Dr. Somporn Chantrara for their kindness, guidance and constant interest throughout this work. I would like to thank Dr. Lucksagoon Ganranoo (University of Phayao) for help and suggestion during the field trip at Phayao Lake.

Additionally, I would like to express gratitude to all program committee members and students of the Environmental Science Program, Department of Chemistry and Department of Biology, Faculty of Science, Chiang Mai University for their support, facilities and great experience. In addition, Graduate School, Chiang Mai University and the Center of Excellence for Innovation in Analytical Science and Technology (I-ANALY-S-T) for research financial support.

My thanks are also expressed to all members of our laboratory and other persons who have not been mentioned here for their help, directly and indirectly, during all stages of the work. I would like to thank all my friends for their encouragements and their friendship, making my life enjoyable.

Finally, I would like to express special acknowledgement to my family, especially my parent, my wife, my son and my daughter for their tender love, infinitely care, support, patience and many sacrifices throughout the period of my study course.
