Key map

Phnom Penh city in 1968

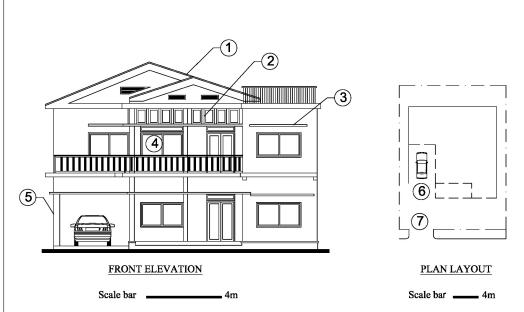

Location map of the houses

SERIAL No.: 01 Address: NO.5 st 278

Sketched Drawing

Features

Present use : Residential

1- Roof : double gable roof (1),

2- Decorative feartures: small windows (2)

3- Materials : concrete, steel, terrazzo finishing

4- Climatic adaptation feautures: verandah (4), window canopies(3),

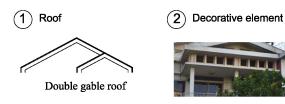

large doors and windows

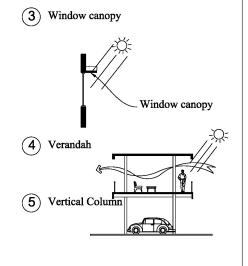

5- Space : approximate house footprint 16 m x 18m, 2

storeys, approximate land size 18m x 25m,

cardrop off (6), entrance gate (7),

6- Structure: approximately 4m beam span, vertical column (5)

(T)

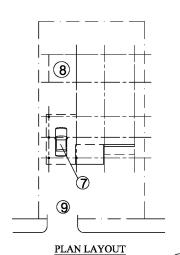

SERIAL No.: 02 Address: NO.14 st 278

Sketched Drawing

Scale bar

Scale bar

Features

Present use : boutique hotel.

: double gable roof (1),

2- Decorative feartures: symbole of temple (2), VVV-shape (3)

3- Materials : concrete, steel, terrazzo finishing

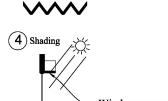

4- Climatic adaptation feautures: verandah (5), window

canopy (4), large doors and windows

5- Space : approximate house footprint 12 m x 18m, 2

storeys, approximate land size 15m x 25m, cardrop off (7), garage (8), entrance gate (9)

6- Structure: approximately 4m beam span, vertical column (6)

3 VVV-shape element

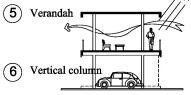

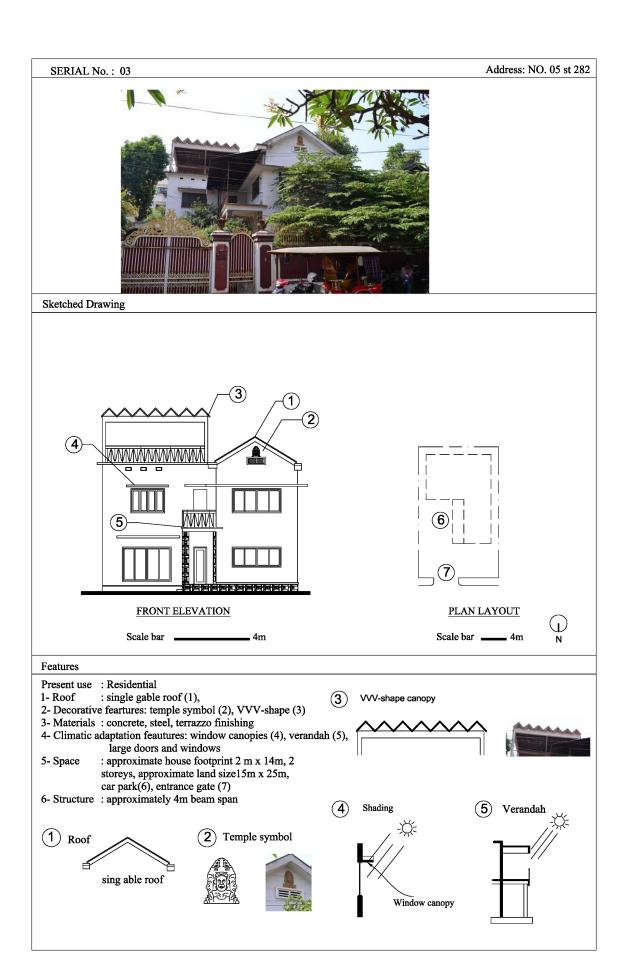

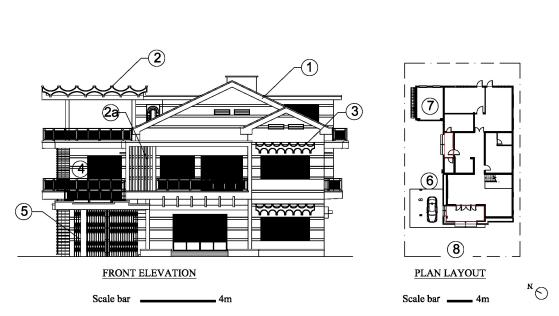

Present use : Residential

1- Roof : double gable roof (1), 2- Decorative feartures: VVV-shape (2), Vertical fins (2a)

3- Materials: concrete, steel, terrazzo finishing

4- Climatic adaptation feautures: window canopy(3), veranda (4),

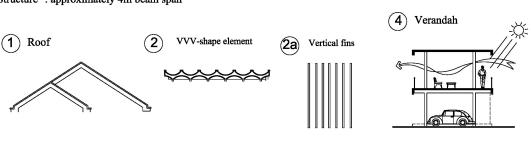

large door and window

5- Space : approximate house footprint 16 m x 22m, 2

approximate storeys, land size 20m x 28m,

car park(6), entrance gate (7)

6- Structure: approximately 4m beam span

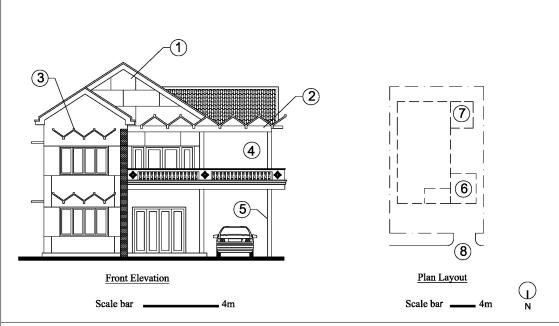

3 Shading

Window canopy

Address: NO. 57 st 302 SERIAL No.: 05

Sketched Drawing

Features

Present use : Residential

1- Roof : double gable roof (1),

2- Decorative feartures: VVV-shape canopies (2) (3)

3- Materials : concrete, steel, terrazzo finishing

4- Climatic adaptation feautures: veranda (4), canopies (3), large doors

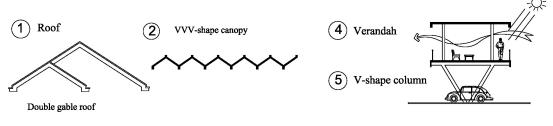

and windows

5- Space : approximate house footprint 12m x 16m, 2 storeys,

approximate land size 14m x 25m, cardrop off (6),

garage (7), Entrance gate (8)

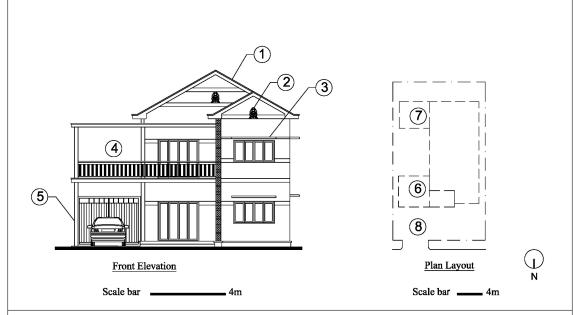

6- Structure: approximately 4m beam span, V-shape column

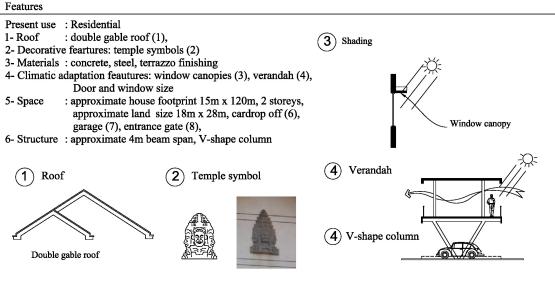

Shading

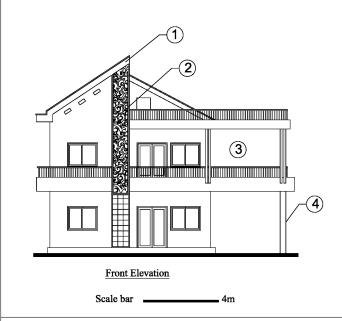

Window canopy

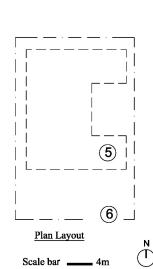

Features

Present use : Residential

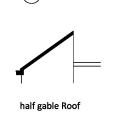

- 1- Roof : half gable roof (1), 2- Decorative feartures: traditional ornament (2)
- 3- Materials : concrete, steel, paint finishing
- 4- Climatic adaptation feautures: verandah (3), large doors and windows
- 5- Space : approximate house footprint 15m x 20m, 2 storeys,

land size approximately 18m x 25m, cardrop off (6),

(2) Traditional Ornament

entrance gate (7)

6- Structure: approximate 4m beam span, V-shape column

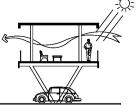

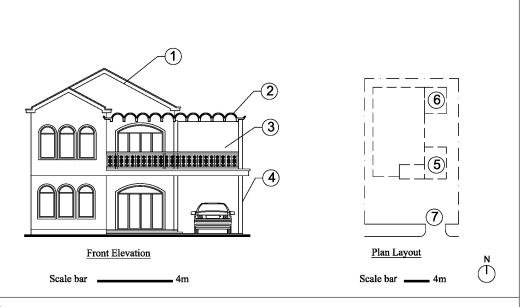

(3) Verandah

Features

Present use : Residential

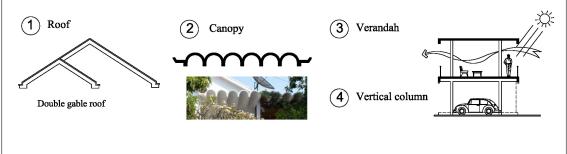

1- Roof : double gable roof (1),2- Decorative feartures: vvv-shape(2)

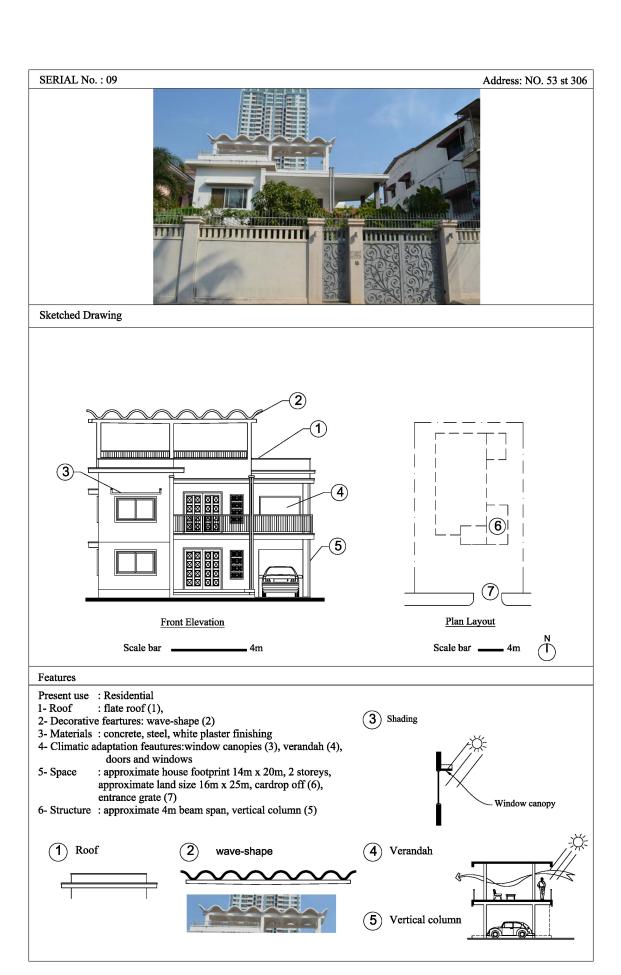

3- Materials: concrete, steel, white plaster finishing

4- Climatic adaptation feautures: verandah (3), doors and windows 5- Space : approximate house footprint 15m x 20m, 2 storeys,

approximate land size 18m x 25m, cardrop off (5),

garage (6), entrance grate (7)
6- Structure : approximate 4m beam span, vertical column (4)

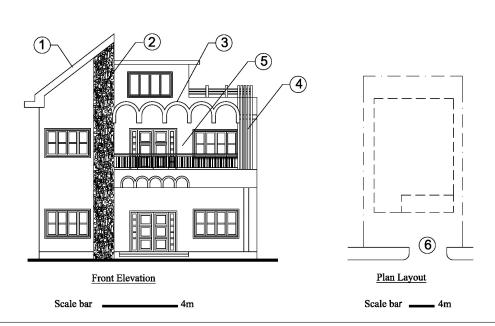

SERIAL No.: 10 Address: NO. 45 st 310

Sketched Drawing

Features

Present use : Residential

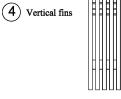

1- Roof : half gable roof (1), 2- Decorative feartures: Stone texture (2), U-shape(3)

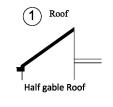

3- Materials : concrete, steel, plaster finishing 4- Climatic adaptation feautures: Vertical fins (4), verandah (5), door and window

: approximate house footprint 14m x 20m, 2 storeys, 5- Space

approximate land size 16m x 25m, entrance grate (6),

6- Structure: approximate 4m beam span

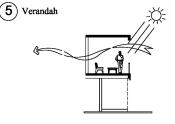

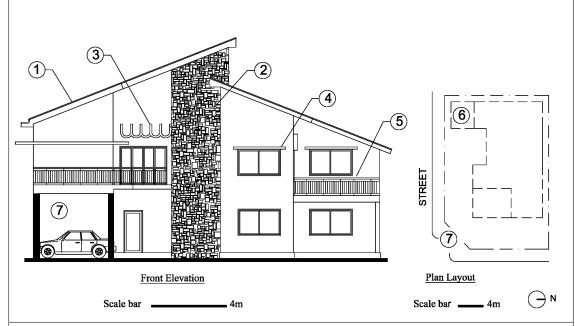

(3) UUU-shape element

SERIAL No.: 11 Address: NO. 24 st 310

Sketched Drawing

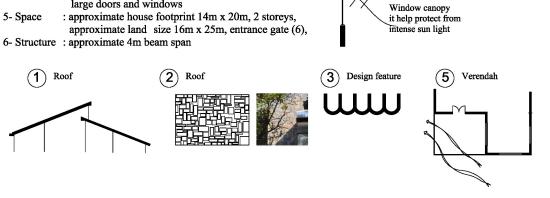

Features

Present use : Restaurant

1- Roof : half gable roof (1), 2- Decorative feartures: Stone texture (2), U-shape (3)

3- Materials: concrete, steel, paint finishing
4- Climatic adaptation feautures: window canopies (4), verandah (5), large doors and windows

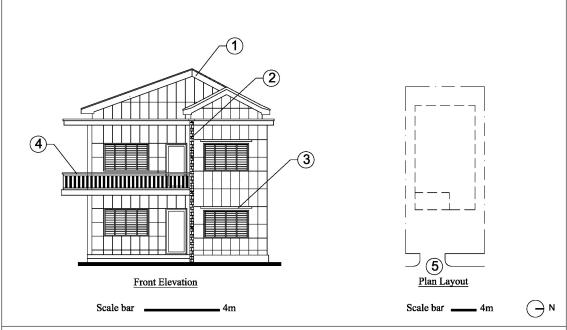

: approximate house footprint 14m x 20m, 2 storeys, 5- Space

4 Shading

Features

Present use : Residence

1- Roof : double gable roof (1), 2- Decorative feartures: stone pattern (2),

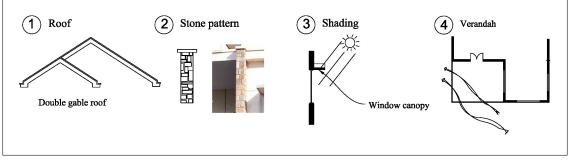

3- Materials: concrete, steel, terrazzo finishing
4- Climatic adaptation feautures: window canopies (3), verandah (4)

doors and windows

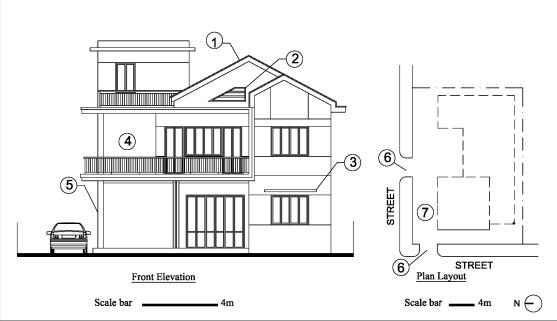

5- Space

: approximate house footprint 8m x 16m, 2 storeys, approximate land size 12m x 25m, entrance gate (5),

6- Structure : approximately 4m beam span

Features

Present use : Restaurant, tailor shop and office.

1- Roof : double gable roof (1),

2- Decorative feartures:

3- Materials : concrete, steel, terrazzo finishing

4- Climatic adaptation feautures: window canopies (3), verandah (4)

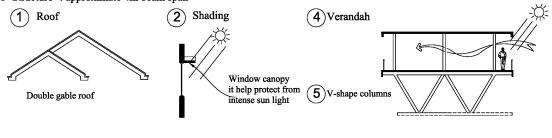

doors and windows

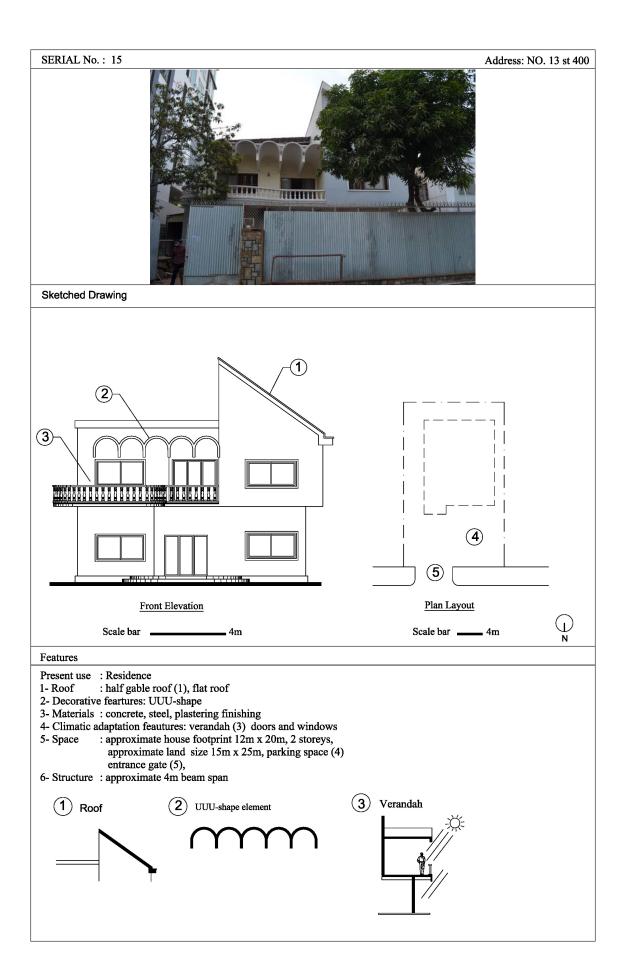

5- Space

: approximate house footprint 14m x 20m, 2 storeys, approximate land size 18m x 25m, parking space (7)

entrance gate (6)

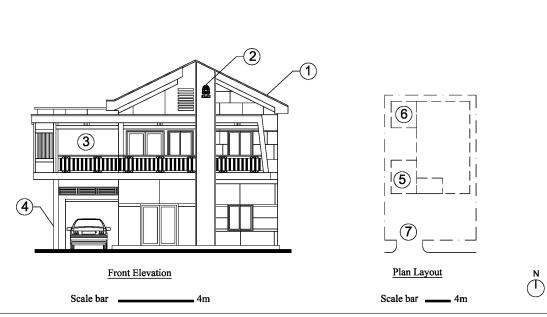

6- Structure : approximate 4m beam span

Features

Present use : Office

1- Roof : half gable roof (1), flat roof 2- Decorative feartures: temple symbol

- 3- Materials: concrete, steel, plastering finishing
- 4- Climatic adaptation feautures: verandah (3) doors and windows
- : approximate house footprint 14m x 20m, 2 storeys, 5- Space

approximate land size 16m x 25m, parking space (5)

garage (6), entrance (7)

6- Structure: approximate 4m beam span, V-shape column (4)

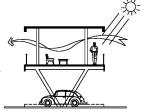

Temple symbol

4 V-shape column

(3) Verandah

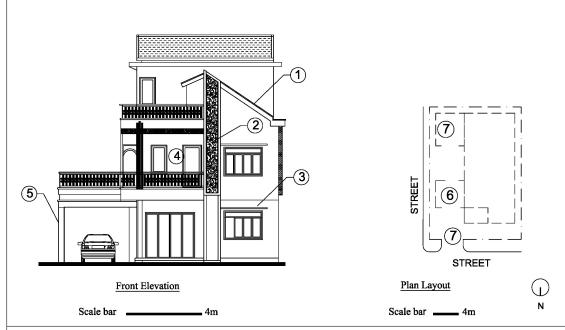

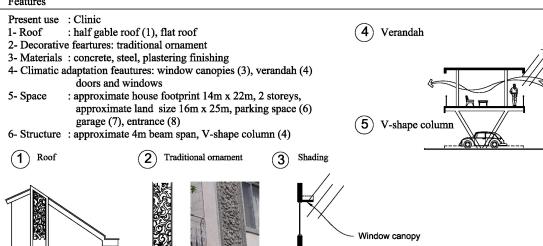

Address: NO. 08 st Preanh Nordom Blvd

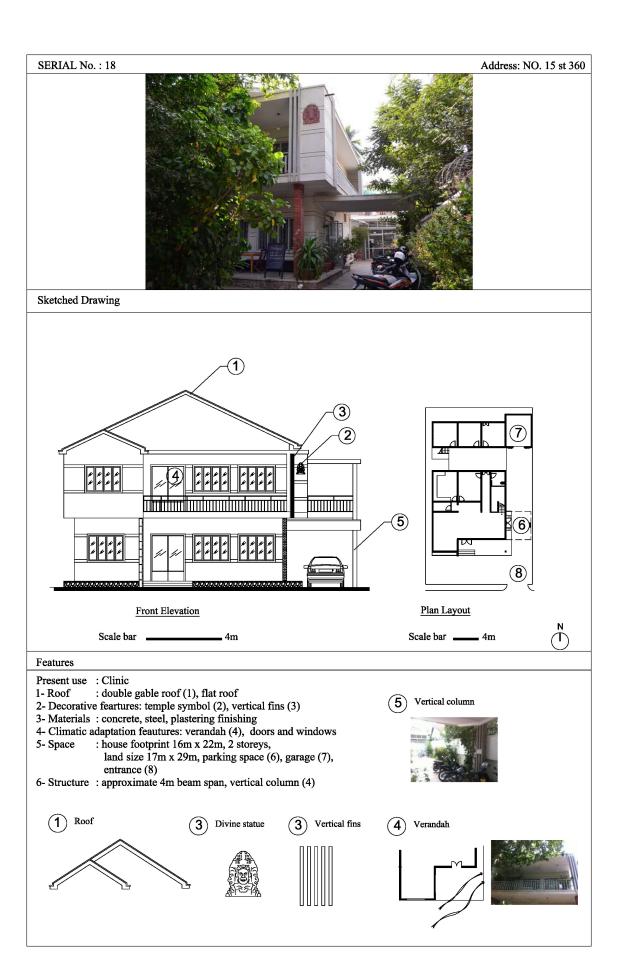

Sketched Drawing

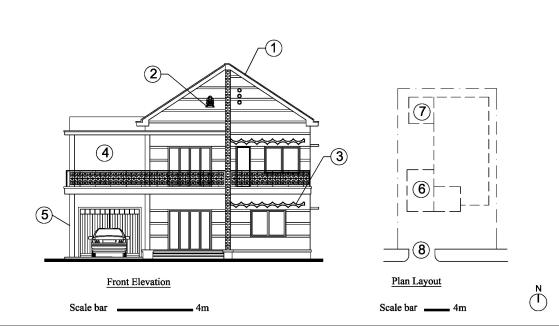

Features

Features

Present use : Clinic

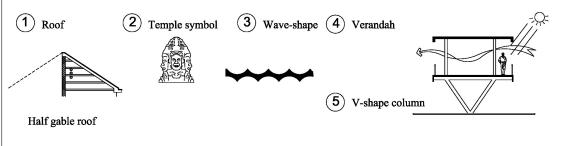

1- Roof : half gable roof (1), flat roof 2- Decorative feartures: temple symbol (2), wave-shape (3)

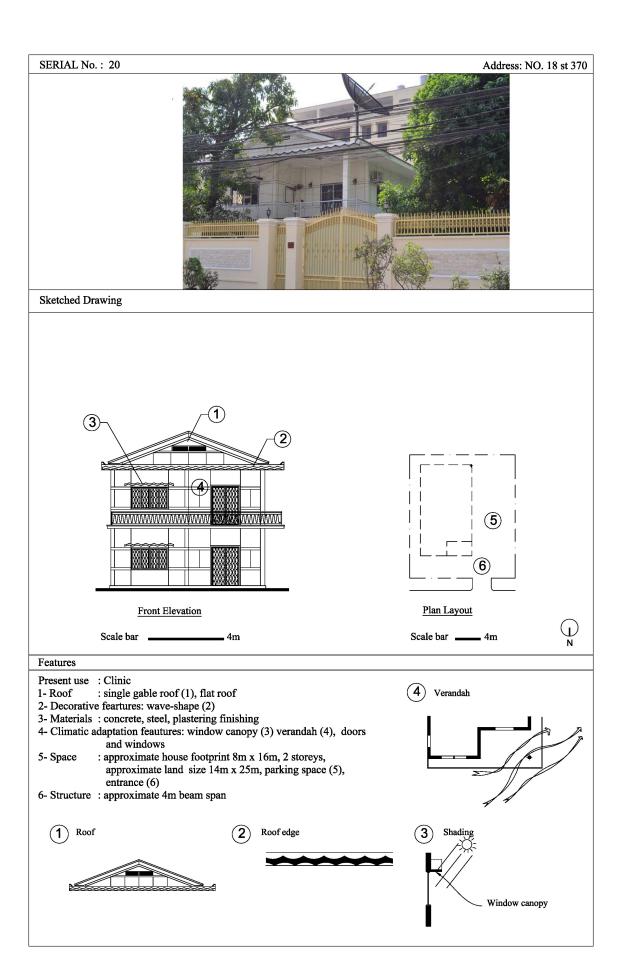

3- Materials: concrete, steel, plastering finishing
4- Climatic adaptation feautures: verandah (4), doors and windows 5- Space : approximate house footprint 14m x 20m, 2 storeys,

approximate land size 16m x 25m, parking space (6),

garage (7), entrance (8)

6- Structure: approximate 4m beam span, V-shape column (4)

CURRICULUM VITAE

Author's Name Mr. Sakona Loeung

Date of Birth 30 April 1989

Place of Birth Cambodia

Education 2017 Master Degree in Architecture, Chiang Mai University

2013 Bachelor Degree in Architecture, Royal University of Fine

Arts

2011 Bachelor Degree in English-Khmer Translation and

Interpretation, Institute of Foreign Languages

Scholarship 2008-2013 Royal University of Fine Arts

2014-2015 Chiang Mai University's Graduate Scholarship for

AEC Students

Research Fund Chiang Mai University's Graduate Research

Scholarships.

Experience 2013 Site Architect Bonteaysrei Engineering and Construction,

Phnom Penh

2014 Swimming pool designer Empire Pool Company, Phnom Penh

มหาวิทยาลัยเชียงไหม
