ACKNOWLEDGEMENT

I would like to express my sincere gratitude and greatest appreciation to my thesis advisor Assoc. Prof. Dr. Sithichai Wanachantararak for continuous support of my Ph.D study and research, for his motivation, immense knowledge. His patient guidance helped me in all time of research and writing of this thesis.

Besides my advisor, I would like to thank the rest of my thesis committee: Prof. Bruce Matthews, Prof. Noppakun Vongsavan, Asst. Prof. Piriya Yavirach and Asst. Prof. Varisara Sirimaharaj, for their insightful comments and encouragement.

I also would like to express my sincere thanks to Prof. Bruce Matthews and Prof. Noppakun Vongsavan, for their helps in recommendations, discussion and writing the manuscripts, which are parts of this thesis.

I also would like to thank my teamwork, Post-graduation students in Prosthodontics Department and dental assistants in A-clinic, for their helps in performing the clinical experiments.

My sincere thanks also goes to Dr. M. Kevin O Carroll, Professor Emeritus of the University of Mississippi School of Dentistry, USA and Faculty Consultant at Chiang Mai University Faculty of Dentistry, for his generous assistance in the preparation of all manuscripts and this thesis.

Finally, I would like to thank my beloved family for being a source of support and encouragement throughout my life.

Marisa Sukapattee
