CURRICULUM VITAE

Name Mr. Krailert Taweekul

Date of birth 17 July 1961

Education Bachelor degree from Khon Kaen University, Agricultural Faculty on Plant Science Thailand
Master degree from Lincoln University on International Rural Development, New Zealand.

Working experience

I had worked with NGO: Population Community Development Association in Thailand (PDA), for 18 years (1984-2003). The responsibilities were both implementation and management on water resources and development project, family planning, people participation on development, Sky irrigation project, Integrated rural development project etc. Furthermore, the transferring technology with farmers participatory approach is mainly responsibility for extension and scaling up and out to farmers. The last position was the director of CBIRD Ban Phai center (under PDA) Khon Kaen Provinec.

During I work as Lecturer in in Agricultural Faculty Khon Kaen University that I has been participated since 2002 up to a present. Various researches involved both water development, poverty reduction, chemically vegetable production, organic rice, agro tourism and farmer group strengthening have been done. More than 32 research and development projects have been implemented and more than 30 papers have been published both in Thai and English language on Thai and English Journals. One of research has received the Best Research Poster in International Water Symposium in Stockholm Sweden. Then, the research result have been applied for implanting on farms by many farmers.
