ACKNOWLEDGEMENT

This work is dedicated to my teachers, friends and colleagues who have done so many kind things for me. I would like to express my sincere gratitude and appreciation to my advisor, Asst. Prof. Dr. Anucha Promwungkwa, for his guidance, attention and help. A special thanks must go to Asst. Prof. Dr. Suparin Chaiklangmuang, Assoc. Prof. Dr. Nakorn Tippayawong, Asst. Prof. Dr. Chatchawan Chaichana, Asst. Prof. Dr. Konlayutt Punyawudho, and Assoc. Prof. Dr. Nattaporn Chaayat, for their valuable comments and help as my committee members. I also want to thank Aj. Paiboon Limpitipanich for his kindly help with simulation of finite element.

The author would like to acknowledge the Office of the Permanent Secretary for Defence and Energy Policy and Planning office, Ministry of Energy (Research funding for college students on fiscal year 2012) for the financial support in this research.

Finally, I would like to thank my family and my friends for all their continuous support, encouragement, care and understanding during my graduate career.
