## ACKNOWLEDGEMENT

Foremost I want to express my sincerest gratitude to my advisor – Asst. Prof. Dr. Sujinda Sriwattana for her enthusiasm and professional guidance, engagement and support to my research within the time frame. Moreover, it's is an honor to me to be instructed by her who always encouraged me whenever I was confused and felt disappointed about myself.

I would like to thank Faculty of Agro - Industry in Chiang Mai University for offering me the opportunity to gain knowledge and from that I have an idea for my thesis. I am also grateful my lecturers in Chiang Mai University who gave me the foundational knowledge and theoretical expertise which contributed to my thesis and the staffs who shared their precious time with me to complete my study training.

Moreover, I could not finish this thesis without the financial support from my family, the Graduate School, Chiang Mai University, Thailand Post Company and Thailand and Science and Technology Park, Chiang Mai University (STeP).

And last but not least I want to give thanks to my family and close friends who were always beside me to encourage my spirit and support me when I got stuck with my thesis.

May God Bless You All.
