ACKNOWLEDGEMENT

I would like to express my thanks to my advisor, Asst. Prof. Dr. Sayan Panma with his enthusiasm, his inspiration, and great efforts to explain thing clearly and simply. In addition, he suggests and verifies about writing papers and thesis.

I am grateful to Udon Thani Rajabhat University that allowed me to study and provided scholarships for the first period. Also, I appreciate Thai Government Scholarship in the Area of Science and Technology for financial support.

Moreover, I would like to express my spacial thanks to my friends: Nuttawoot Nupo and Wanchai Tapanyo, who read and read over my papers and my thesis.

Finally and most importantly, I acknowledge to my family for their love and encouragement.
