ACKNOWLEDGEMENT

In this section, I would like to express my appreciation to individuals and organizations for their support during the time I studied at Chiang Mai University, Thailand.

Firstly, my heartfelt thanks go to my major advisor, Assistant Professor Dr. Petsunee Thungjaroenkul, who guided me throughout the thesis process with her expectations and enthusiasm, yet provided an equal amount of support through her knowledge and wisdom. I owe a huge debt of gratitude to the recommendation and foresight offered by my co-advisor, Assistant Professor Dr. Kulwadee Abhicharttibutra. My deepest appreciation also goes to all of the teachers and staffs in Faculty of Nursing, Chiang Mai University, for their teaching, guidance and kind assistance on this learning journey.

I would be grateful for my examination committee members: Associate Professor Dr. Kannika Kantaruksa, Assistant Professor Dr. Petsunee Thungjaroenkul, Assistant Professor Dr. Kulwadee Abhicharttibutra, Assistant Professor Dr. Usanee Jintrawet and Associate Professor Dr. Ratanawadee Chontawan whose incredible assistance, guidance and encouragement on my study were much appreciated.

I extend a very special thanks to many experts, Dr. James A. Breagh, Dr. Yi Jialin, Mrs. Bao Ling and Lecturer Chen Yanguang, for their academic support and permission of using instruments. And two Chinese experts who help me Back-translate the instrument, consent form and information sheet, Professor Dr. Shi Limin, and Lecturer Wang Qingjun.

Additionally, I wish to express my gratitude to the directors of each hospital for their understanding and help when collecting data, Yang Kaiqing in Dali Bai Autonomous Prefecture People's Hospital, Gu Yunfen in Dehong Dai and Jingpo Autonomous

Prefecture People's Hospital and Kong Guifen in Chuxiong Yi Autonomous Prefecture People's Hospital.

I am sincerely and deep grateful to the Dali Bai Autonomous Prefecture People's Hospital, for their financial support and giving me a wonderful chance to study in Chiang Mai University. A special appreciation goes to Mrs Liu Chaoqin, the vice-president of Dali Bai Autonomous Prefecture People's Hospital for her encouragement and support. Also, I would like to extend my appreciation to my all participants, for their support and participation.

Finally, my family also encouraged me tremendously throughout this long process. My father and my mother never tired of showing their pride in my academic endeavors, as well as my husband and my son, I could not have completed this effort without their love and encouragement.
