ACKNOWLEDGEMENT

I would like to express my sincere thanks to my advisors, Asst. Dr. Tanapan Wattanachai and Prof. Dhirawat Jotikasthira, for providing generous support, excellent advice, careful editing for my thesis, and for inspiring me to achieve the goal of this study.

My sincere appreciation is expressed to Asst. Prof. Dr. Apirum Janhom, Division of Oral and Maxillofacial Radiology, Faculty of Dentistry, Chiang Mai University, for precious consultation in radiological part of this study and encouragement.

My special thanks are also extended to all the staff of the Department of Orthodontics and Pediatric Dentistry, Faculty of Dentistry, Chiang Mai University, for their support and suggestions.

I would like to acknowledge Faculty of Dentistry, Chiang Mai University, for the support in financial aid of this research.

I wish to thank Dr. M. Kevin O Carroll, Professor Emeritus of the University of Mississippi School of Dentistry, USA and Faculty Consultant at Chiang Mai University Faculty of Dentistry, Thailand, for his assistance in the preparation of the manuscript and joyful English learning.

I would like to express our recognition to Dr. Thanapat Sastraruji, Faculty of Dentistry, Chiang Mai University for statistical consultation.

My sincerest thanks to my friends, postgraduate students in Orthodontics program, for their assistance, cheerfulness throughout my long journey.

Lastly, I am deeply grateful to everyone in my family, who always gives love, support and encouragement. They are my inspiration to go forward with spirit throughout my life.

Piyoros Suteerapongpun
