Figure 4.1 The distribution of distance (A) and quantity of poultry and cattle (B) moved between November 2014 and October 2015 in Lampung, West Java and Central Java Province.	17
Figure 4.2 The histogram of distance poultry and cattle movements between November 2014 and October 2015 in Lampung, West and Central Java Province.	18
Figure 4.3 The geographical map showing live poultry (above) and cattle (below) movement from and into Lampung, West Java and Central Java Province, line indicating movement from one district to other district and arrow indicating the direction of movement	18
Figure 4.4 The mean in-degree, out-degree, ingoing contact chain and outgoing contact chain and betweenness. Poultry and cattle network.	19
Figure 4.5 Scatter plots of ingoing contact chain and in-degree, outgoing contact chain and out-degree, in-degree and out-degree. Poultry (left) and cattle (right) network	22
Figure 4.6 Means of in-degree and out-degree for monthly combine poultry and cattle network.	24
Figure 4.7 Degree distribution of poultry (left) and cattle (right) network.	25
