ACKNOWLEDGEMENT

I would like to express my sincere thanks to my advisors, Clinical Prof. Virush Patanaporn and Asst. Prof. Dr. Chaib Rungsiyakull, for providing generous support, excellent advice, careful edition for my thesis, and for inspiring me to achieve the goal of this study.

My sincere appreciation is expressed to Mr. Pattarapon Saigerdsri, Master degree student, Faculty of Engineering, Chiang Mai University, Thailand for his assistance in the use of the SolidWorks and Abaqus software during the research study.

I wish to thank Dr. M. Kevin O. Carroll, Professor Emeritus of the University of Mississippi School of Dentistry, USA and Faculty Consultant at Chiang Mai University Faculty of Dentistry, Thailand, for his assistance in the preparation of the manuscript and joyful English learning.

My special thanks are also extended to all the staffs of the Department of Orthodontics and Pediatric Dentistry, Faculty of Dentistry, Chiang Mai University, for their supports and suggestions. My sincerest thanks to my friends, Postgraduate students in Orthodontic program, for their assistance, cheerfulness throughout my long journey.

I would like to acknowledge Faculty of Dentistry, Chiang Mai University, for the financial support of this research. I also wish to thank the Department of Mechanical Engineering, Faculty of Engineer, Chiang Mai University, for SolidWorks and Abaqus programs support and guidance throughout this study.

Lastly, I am deeply grateful to everyone in my family, who always gives love, support and encouragement. They are my inspiration to go forward with spirit throughout my life.

Suparat Sakdakornkul
