ACKNOWLEDGEMENT

The success of this Thesis is partly due to the love and kindness of Father Sao and Mother Sikaeo Roopin, the father and mother of the Researcher.

Deep gratitude is expressed to Professor Emeritus ML. Surasawasdi Sooksawasdi, Associate Professor Jan Theo De Vleeschauwer and Professor Emeritus Pongdej Chaiyakut, who have kindly provided knowledge and suggestions for adjusting this Thesis and the created work to be closer to perfection.

I would like to express my gratitude to Professor Emeritus Rossalin Garst and Dr. Sébastien Tayac, lecturers of arts and designing subjects who have taught me knowledge and chances to practice my skills of the creation of art works and academic skills.

I would like to express my gratitude to Lecturer Vithi Phanichphant, Professor Emeritus Suraphon Damrikun and Associate Professor Dr. Woralan Bunyasurat, who are like my fathers and mother to guide me with academic knowledge and provide to me chances to gradually develop myself.

I would like to express my gratitude to Assistant Professor Manop Manasaem, Assistant Professor Thianchai Aksoradit and Assistant Professor Suebsak Saenyakiatikhun, lecturers and seniors who have always helped me and encouraged me to study.

I also would like to show my gratitude to Phra Khru Sathaphon Phatthanawong, the Head of the Mong Group of Mae Raem Sub-district, Abbot of Mae Sa Waterfall Temple, and the monk group of Mae Raem Sub-district for the kind supports for the activities to conserve and rehabilitate water sources of communities in area of Mae Sa river basin.

I would like to express my gratitude to representatives of communities in area of Mae Sa river basin, Mr. Wichai Chgaiwitthayanon, the Governor of Mae Raem Sub-district Administrative Organization, Mr. Chumphon Netthanu, the Governor of Mae Raem Sub-district, Mr. Kritsayam Khongsatri, the Chief of Doi Suthep – Pui National Park, Mr. Somsak Butchui, Head of the Doi Suthep – Pui National Park Protection Unit 3 (Mae Sa Waterfall), administrators and heads of governmental agencies and units,

officials of National Park Protection Units and all the people related to water management, for the kind supports for the activities to conserve and rehabilitate water sources and forests of communities.

I would like to express my gratitude to Ms. Suchitra Phonphanumat, Ms. Sompong Dili, Ms. Sulaluck Khaophong, Ms. Meviga Hangla, Ms. Saichon Nopphan, Mr. Rian Pawanakat, Mrs. Chaleao Pawanakat, Mrs. Jatuphon Rueangrit Ms. Sarapha Pawanakat, Ms. Yaowapha Thepwoong, Ms. Waiwan Mekwoong, Ms. Narisara Muangsi, Ms. Wanapha Kaeothong, Fine Arts Student Club and Fine Arts students who attended the subject of general study in the academic year of 2016, for participating in the activities to restore forests and repair weirs in order to rehabilitate water sources of communities in area of Mae Sa river basin.

I would like to express my gratitude to Mr. Eakkachai Nadee who has offered the fund to the students, and Brother Kriangkrai Bunthana, Mr. Charan Panya and Mr. Thawatchai Hindet, who has provided assistances in terms of rite arrangement.

I would like to express my gratitude to Mr. Anatphon Chaisi, Mr. Suphachai Chueamueangphan and Mr. Namphong Mutkham, who have provided assistances in terms of arts and video presentation for presenting the created works.

Last but not least, I would like to give thanks to Mrs. Kulthida Roopin, Ms. Sirirat Roopin and Mr. Saksarit Roopin, the wife, the younger sister and the son of the Researcher, for dedicating the family time and assisting the Researcher throughout this research project.
