CONCEPTS AND CLINICAL PROBLEMS, 1

■ Attributes and Resources, 1

- Development, 1
 - Impaired Growth and Development, 1
- Functional Ability, 7
 - Fatigue, 7
 - Impaired Role Performance, 11
 - Personal Care Problem, 17
- Family Dynamics, 22
 - Parenting Problem, 22
 - Impaired Family Function, 26

■ Personal Preferences, 30

- Culture, 30
 - Cultural Belief Conflict, 30
 - Impaired Socialization, 33
- Spirituality, 38
 - Spiritual Problem, 38
- Adherence, 43
 - Decisional Conflict, 43
 - Nonadherence, 45
- Self-Management, 49
 - Health Maintenance Alteration, 49

■ Homeostasis and Regulation, 53

- Fluid and Electrolytes, 53
 - Electrolyte Imbalance, 53
 - Fluid Imbalance, 56
- Acid-Base Balance, 62
 - Acid-Base Imbalance, 62
- Thermoregulation, 67
 - Altered Temperature, 67
- Sleep, 72
 - Impaired Sleep, 72
- Gas Exchange, 79
 - Impaired Respiratory Function, 79
- Intracranial Regulation, 86
 - Increased Intracranial Pressure, 86
 - Neurologic Problem, 90
- Hormonal Regulation, 98
 - Impaired Endocrine Function, 98
- Glucose Regulation, 102
 - Altered Blood Glucose Level, 102
- Nutrition, 108
 - Body Weight Problem, 108

- Impaired Gastrointestinal Function, 113
- Infant Feeding Problem, 118
- Nutritionally Compromised, 121

Elimination, 128

- Impaired Bowel Elimination, 128
- Impaired Urinary Elimination, 133

Perfusion, 138

- Impaired Cardiac Function, 138
- Impaired Tissue Perfusion, 142
- Altered Blood Pressure, 147

■ Reproduction and Sexuality, 153

- Reproduction, 153
 - Impaired Fertility, 153
 - Risk for Perinatal Problems, 157
- Sexuality, 165
 - Impaired Sexual Function, 165
 - Negative Self-Image, 169

■ Protection and Movement, 174

- Immunity, 174
 - Allergy, 174
 - Impaired Immunity, 178
- Inflammation, 183
 - Inflammation, 183
- Infection, 187
 - Risk for Infection, 187
 - Infection, 190
- Mobility, 195
 - Activity Intolerance, 195
 - Musculoskeletal Problem, 198
- Tissue Integrity, 204
 - Impaired Tissue Integrity, 204
 - Risk for Impaired Skin Integrity, 211
- Sensory Perception, 216
 - Sensory Deficit, 216
- Pain, 223
 - Pain, 223

■ Mood and Cognition, 229

- Grief, 229
 - Grief, 229
- Psychosis, 233
 - Impaired Psychologic Status, 233

Stress and Coping, 239
 Difficulty Coping, 239

Mood and Affect, 247
 Depressed Mood, 247
 Emotional Problem, 252

Anxiety, 256
 Anxiety, 256

Cognition, 263
 Impaired Cognition, 263

■ Maladaptive Behavior, 270

Addiction, 270
 Substance Use, 270

Interpersonal Violence, 280
 Victim of Violence, 280
 Violent Behavior, 285

■ Attributes, 289

Health Promotion, 289
 Risk for Disease, 289

Patient Education, 295
 Deficient Knowledge, 295
 Literacy Problem, 298

■ Care Competencies, 302

Communication, 302
 Impaired Communication, 302

Safety, 307
 Risk of Environmental Injury, 307
 Health Care–Associated Complication, 310
 Risk for Injury, 315

■ Health Care Delivery, 320

Care Coordination, 320
 Continuity of Care Problem, 320

Caregiving, 324
 Caregiver Role Strain, 324

Palliative Care, 328
 Dying Process, 328

Health Disparities, 332
 Socioeconomic Difficulty, 332

Community Health, 336
 Inadequate Community Resources, 336

EXEMPLARS WITH COMMON CLINICAL PROBLEMS, 339

BIBLIOGRAPHY, 367

INDEX, 373
