

The background of the book cover is a colorful illustration depicting a historical scene, likely from the House of Wisdom in Baghdad. It features several figures in traditional Islamic attire, including white turbans and robes of red, green, and blue. The figures are engaged in various activities: some are using large astrolabes or similar instruments, one is writing on a scroll, and another is holding a book. In the lower right, a globe is mounted on a stand, and a small fire burns in a box. The entire scene is set against a blue background with a hexagonal pattern.
