# Novel Innovation Design for the Future of Health

## Entrepreneurial Concepts for Patient Empowerment and Health Democratization

 Springer

---

## Contents

### Part I What Is Wrong with Health? What Should the Future of Health Be?

<b>1</b>	<b>INNOVATION DESIGN for the FUTURE of HEALTH . . . . .</b>	<b>3</b>
	Michael Friebe	
<b>2</b>	<b>Health Innovations from an Innovators' Perspective . . . . .</b>	<b>13</b>
	Michael Friebe	
<b>3</b>	<b>From SICKCARE to HEALTHCARE to HEALTH . . . . .</b>	<b>23</b>
	Michael Friebe	
<b>4</b>	<b>Future Look on Health: Opportunities . . . . .</b>	<b>33</b>
	Michael Friebe	
<b>5</b>	<b>Navigating Towards a Future of “One Health” . . . . .</b>	<b>51</b>
	Henri Michael von Blanquet and Michael Friebe	

### Part II Exponential Medicine + Technologies + Mindset

<b>6</b>	<b>Exponential Technologies for an Exponential Medicine . . . . .</b>	<b>63</b>
	Michael Friebe	
<b>7</b>	<b>Exponential Medicine: Challenges of Human Spaceflight Bringing Innovations for Earth—A Case Study . . . . .</b>	<b>71</b>
	T. Smith, A. Peterman, and D. Donoviel	
<b>8</b>	<b>Healthy Longevity . . . . .</b>	<b>79</b>
	Beatrice Barbazzeni	
<b>9</b>	<b>The Science of Health Longevity . . . . .</b>	<b>87</b>
	Beatrice Barbazzeni	
<b>10</b>	<b>Space Healthtech: Innovation Base for Longevity . . . . .</b>	<b>95</b>
	Thi Hien Nguyen	

**Part III Future Health Value Propositions**

<b>11 Healthcare the Melting Pot of Technology, Humanity, and Confusion . . . . .</b>	111
Paul Epping and Michael Friebe	
<b>12 Democratize Health Delivery . . . . .</b>	127
Julia Hitzbleck	
<b>13 Health Innovation Process: Definitions and Short Methodology Introductions . . . . .</b>	135
Michael Friebe	
<b>14 Prevention, Prediction, Personalization, and Participation as Key Components in Future Health . . . . .</b>	147
Beatrice Barbazzeni and Michael Friebe	
<b>15 Digital Health Business Models: Transformation Is on the Horizon . . . . .</b>	153
Dominik Böhler	
<b>16 Value Propositions for Future Health Developments: Digital, Portable, Connected, Experience-Enhancing, Supportive, Patient-Centric, and Affordable . . . . .</b>	161
Beatrice Barbazzeni	
<b>17 (Digital) Patient Journey and Empowerment: Digital Twin . . . . .</b>	169
Dominik Böhler and Michael Friebe	

**Part IV Innovation Methodology Basics**

<b>18 Stanford Biodesign as Base: <i>Empathy and Patient Centricity as the Main Driver</i> . . . . .</b>	181
Holger Fritzsche	
<b>19 Purpose Launchpad Methodology: Introduction . . . . .</b>	189
Oliver Morbach and Michael Friebe	
<b>20 Design Thinking for Innovations in Healthcare . . . . .</b>	207
Dietmar Georg Wiedemann and Michael Friebe	
<b>21 VPC to BMC to Exponential Canvas: Canvas Interconnectivity for Exponential Scaling . . . . .</b>	219
Katarzyna Heryan	
<b>22 Innovation Methodology I<sup>3</sup> EME: Awareness for Biomedical Engineers . . . . .</b>	243
Holger Fritzsche	

**Part V Ethics + Health Innovation**

- 23 Integrating Ethical Considerations into Innovation Design . . . . .** 253  
Sabrina Breyer and Christian Herzog

**Part VI Health Innovation Design**

- 24 Case Studies Used Throughout the Book: Innovation Categories Explained . . . . .** 285  
Michael Friebe
- 25 Why Is Healthcare Different with Respect to Innovation and Entrepreneurial Activities? . . . . .** 293  
Sys Zoffmann Glud
- 26 Purpose Launchpad Health (PLH) Methodology Introduction . . . . .** 299  
Michael Friebe, Julia Hitzbleck, Dietmar Wiedemann,  
and Oliver Morbach

**Part VII Purpose Launchpad Health**

- 27 Purpose Launchpad Health: Exploration and Evaluation Phases—Actual Case Studies . . . . .** 315  
Michael Friebe and Oliver Morbach

**Part VIII Health Leadership, Skills and other Methodologies**

- 28 Soft Skills Needed for Problem Understanding and Innovation Generation . . . . .** 359  
Sys Zoffmann Glud
- 29 Leadership in Healthcare: A Novel Approach. Healthcare Executives' Traits, Styles, and Approaches . . . . .** 369  
Beatrice Barbazzeni
- 30 Future Skills Framework in Healthcare . . . . .** 381  
David Matusiewicz and Jochen A. Werner
- 31 Porter's Five Forces Analysis: Quo Vadis Immunotherapy Industry . . . . .** 391  
Joachim Maartens and Dietmar W. Hutmacher

**Part IX Health Entrepreneurship**

- 32 Global Health Markets and Their Different Needs . . . . .** 411  
Jörg Traub
- 33 Patient: Health Relation and Digital Health Entrepreneurship . . . . .** 419  
Thorsten Hagemann

<b>34</b>	<b>Health Start-Up: Create Impact and be Investment Ready Intra- and Entre-Preneurs . . . . .</b>	431
	Michael Friebe	
<b>35</b>	<b>Regulatory Issues for Health Innovations . . . . .</b>	443
	Axel Boese	
<b>36</b>	<b>Innovation Think Tank Frameworks for Resolving “The Innovator’s Dilemma” in Healthcare . . . . .</b>	451
	Sultan Haider	
<b>37</b>	<b>A Primer on Patents and IP for Health Innovations . . . . .</b>	465
	Michael Friebe	
<b>38</b>	<b>Successfully Implementing Ambidexterity in the Medical Industry . . . . .</b>	477
	Gunther Wobser	
<b>39</b>	<b>Reverse Innovation: Circumvent Digital Health Transformation Issues . . . . .</b>	485
	Michael Friebe	

## **Part X Health Innovation Education and Incubation**

<b>40</b>	<b>Health Innovation Design: “CAMPing” for the Unmet Clinical Need . . . . .</b>	499
	Jörg Traub	
<b>41</b>	<b>Health Technology Innovation Generation (HTIG) Lecture and Project Classes at AGH University . . . . .</b>	507
	Katarzyna Heryan and Michael Friebe	
<b>42</b>	<b>Health Innovation Design at a University: INKA INNOLAB at Otto-von-Guericke-University . . . . .</b>	529
	Holger Fritzsche	
<b>43</b>	<b>Clinical Innovation at Acibadem Biodesign Center . . . . .</b>	537
	Ata Akin, Erdi Dirilen, Kutalp Kurt, and Esra Bal	
<b>44</b>	<b>Example of a Needs-Driven Innovation Training Program: The BioMedical Design Novo Nordisk Foundation Fellowship Program . . . . .</b>	549
	Sys Zoffmann Glud	
<b>45</b>	<b>Addressing the Healthcare Needs with Innovation Think Tank Global Infrastructure and its Methodology . . . . .</b>	557
	Sultan Haider	

---

<b>46</b>	<b>The Power of a Collaborative Ecosystem: Introducing the Edison™ Accelerator . . . . .</b>	567
	Jan Beger and Mathias Goyen	
<b>47</b>	<b>HealthTec Networks and Clusters (Global): Innovation Clusters in Medtech in Europe . . . . .</b>	575
	Jörg Traub	
<b>48</b>	<b>Leadership-Compass: “Networking and Synapting Empowered by Health Captains” . . . . .</b>	585
	Henri Michael von Blanquet	

## **Part XI Purpose Launchpad Health: Toolset Templates and Principles**

<b>49</b>	<b>PLH Templates and Principles . . . . .</b>	599
	Michael Friebe
