Development of Herbal Products

Author	Jirapornchai Suksaeree
Type of document	Book
Amount	1,000 copies
Month/year of publication	March 2023
Published by	Rangsit University Press 52/347 Muang-Ake, Phaholyothin Rd., Lak-Hok Muang, Pathum Thani, 12000 Tel: 02-9972200 ext 3256
Book cover designer	Jidaruck Laor
Production	Rangsit University Press
Sale Authority	Rangsit University Book Center
Printed at	Asia Digital Printing Company 21/19-20 Ngamwongwan Rd., Ladyao Jatujak, Bangkok, 10900
Price	500 Baht
Copy Right	All right reserved. Jirapornchai Suksaeree.

Development of herbal products. -- Pathum Thani:
Rangsit University Press, 2023.

316 p.

1. Herbs. I. Title.

615.321

ISBN 978-616-421-179-7

CONTENTS

List of Tables	vii
List of Figures	ix
Preface	xv
Acknowledgments	xvii
Chapter 1: Herbal Medicines	1
1.1 Introduction	1
1.2 Herbal Medicines	2
1.2.1 <i>Zingiber cassumunar</i> Roxb.	4
1.2.2 <i>Kaempferia parviflora</i>	8
1.2.3 <i>Curcuma longa</i> L.	9
1.3 Analytical Technique and Chromatographic Fingerprint Analysis of Herbal Medicines	11
1.3.1 Thin layer chromatography	11
1.3.2 High-performance liquid chromatography	12
1.3.3 Gas chromatography	13
1.4 Standardization of Herbal Medicines	14
1.5 Medicinal Potentials of Herbs	15
1.5.1 Anti-inflammatory activity	15
<i>Zingiber cassumunar</i> Roxb.	15
<i>Kaempferia parviflora</i>	16
<i>Curcuma longa</i> L.	16
1.5.2 Antioxidant activity	17
<i>Zingiber cassumunar</i> Roxb.	17
<i>Kaempferia parviflora</i>	18
<i>Curcuma longa</i> L.	18
1.5.3 Antifungal and antibacterial activities	19
<i>Zingiber cassumunar</i> Roxb.	19
<i>Kaempferia parviflora</i>	19
<i>Curcuma longa</i> L.	20

1.6 Quality, Toxicity, and Safety of Herbal Medicines	20
1.7 Conclusions	21
1.8 Bibliography	21
 Chapter 2: Herbal Extractions	 31
2.1 Introduction	31
2.2 Extraction Techniques	33
2.2.1 Maceration	35
2.2.2 Infusion and decoction	36
2.2.3 Percolation	38
2.2.4 Soxhlet extraction/hot continuous extraction	39
2.2.5 Microwave-assisted extraction	43
2.3 Identification and Characterization of Biologically Active Chemical Compounds	 57
2.4 Conclusions	58
2.5 Bibliography	58
 Chapter 3: Herbal Dosage Forms	 67
3.1 Introduction	67
3.2 Herbal Dosage Forms	73
3.2.1 Liquid herbal dosage forms	73
Decoctions	73
Tinctures	74
Syrups	77
Oral emulsions	77
3.2.2 Solid herbal dosage forms	77
Microgranules and spheroids	78
Beads and pellets	79
Pills	80
Tablets	80
Capsules	86
3.2.3 Other herbal dosage forms	89
Ointments, creams, and salves	89
Inhalations	90
Films and patches	90
3.2.4 Novel herbal dosage forms	93
Phytosomes	93
Polymeric nanoparticles	96
Nanoemulsions	97

Solid lipid nanoparticles and nanostructured lipid carriers.....	98
Self-emulsifying drug delivery systems	99
3.3 Future Prospective.....	103
3.4 Conclusions.....	104
3.5 Bibliography.....	107
 Chapter 4: Polymeric Films.....	117
4.1 Introduction.....	118
4.2 Topical Delivery Systems	119
4.3 Transdermal Delivery Systems.....	121
4.4 Polymeric Film Dosage Forms.....	124
4.4.1 Patches.....	124
4.4.1.1 Types of the patches	126
Drug in the adhesive layer.....	126
Multilayer drug in the adhesive layer	126
Drug in the matrix layer	127
Drug in a reservoir.....	127
Peripheral adhesive design	130
4.4.1.2 Polymers used in the patches	130
Deproteinized natural rubber latex-based polymeric film	136
Pectin-based polymeric film.....	139
Chitosan-based polymeric film.....	143
Cellulose-based polymeric film.....	146
Starch-based polymeric film.....	148
4.4.2. Film-forming systems.....	149
4.4.2.1 Types of the film-forming systems	151
Film-forming solution	151
Film-forming gel	154
4.4.2.2 Polymers used in the film-forming systems.....	156
4.5 Application of Herbal Medicine in Polymeric Films.....	157
4.6 Conclusions.....	170
4.7 Bibliography.....	170
 Chapter 5: Characterization of Polymeric Films	185
5.1 Introduction.....	185
5.2 Mechanical and Adhesion Properties	187
5.2.1 Tensile properties	187
5.2.2 Peel adhesion.....	190
5.2.3 Tack adhesion.....	191

5.3 Attenuated Total Reflectance - Fourier Transform Infrared Spectroscopy	200
5.4 Thermal Analysis	204
5.5 X-Ray Diffraction	211
5.6 Microscopy.....	214
5.7 Hygroscopicity	220
5.8 Conclusions.....	222
5.9 Bibliography.....	224
 Chapter 6: <i>In Vitro</i> Release Study of Controlled Polymeric films.....	231
6.1 Introduction	231
6.2 <i>In Vitro</i> Release Study of Controlled Polymeric Films	233
6.2.1 Patches.....	234
6.2.2 Film-forming systems.....	238
6.3 Kinetics of <i>In Vitro</i> Release	249
6.3.1 Zero-order kinetic	251
6.3.2 First-order kinetic.....	251
6.3.3 Higuchi's model	251
6.3.4 Korsmeyer-Peppas model	252
6.4 Conclusions.....	253
6.5 Bibliography.....	253
 Chapter 7: <i>In Vitro</i> Permeation Study of Controlled Polymeric Films	257
7.1 Introduction	257
7.2 Structure of Skin.....	259
7.3 Diffusion Cell Design.....	261
7.4 Skin Selectivity	264
7.5 Permeation Enhancement	269
7.6 Skin Permeability	275
7.7 Conclusions.....	278
7.8 Bibliography.....	278
 Chapter 8: Herbal Medicine: Health Benefits and Possible Risks.....	283
8.1 Introduction	283
8.2 Herbal Medicine.....	285
8.3 Difference between Herbal and Conventional Medicines	288
Use of whole plants	288
Herb combining.....	288
Diagnosis.....	288
8.4 Trends of Herbal Medicine Use.....	289

8.5 Safety of Herbal Medicines	290
8.6 Clinical Trials and Bioavailability of Herbal Medicines	291
8.7 Future of Herbal Medicines.....	298
8.8 Conclusions	300
8.9 Bibliography.....	301
Index	303
Author Biography.....	311
