1 Introduction <i>Graham Davey</i>	1
PART I CLINICAL PSYCHOLOGY	5
2 Clinical Practice <i>Graham Davey</i>	7
3 The Causes of Mental Health Problems: Psychoses and Autistic Spectrum Disorder <i>Graham Davey</i>	19
4 The Causes of Mental Health Problems: Anxiety and Mood Disorders <i>Graham Davey</i>	41
5 Treating Mental Health Problems with Psychological Therapies <i>Graham Davey</i>	65
PART II HEALTH PSYCHOLOGY	83
6 What is Health Psychology? <i>Charles Abraham, Mark Conner, Fiona Jones & Daryl B. O'Connor</i>	85
7 A Biopsychosocial Approach to Health Psychology <i>Daryl B. O'Connor, Mark Conner & Charles Abraham</i>	105
8 Stress, Coping, and Health <i>Daryl B. O'Connor, Fiona Jones, Charles Abraham & Mark Conner</i>	125
9 Social Psychology and Health <i>Mark Conner, Charles Abraham & Daryl B. O'Connor</i>	145
PART III FORENSIC PSYCHOLOGY	167
10 Introduction to Forensic Psychology: Working with Organisations and Offenders <i>Carol A. Ireland</i>	169
11 Working with Child and Adult Victims <i>Ivan Sebaló, Nishant Krishnan & Michelle Davies</i>	189
12 Eyewitnesses and the Use and Application of Cognitive Theory <i>Charlie Frowd</i>	207
13 Violence Assessment and Intervention <i>Jane L. Ireland</i>	233

PART IV	EDUCATIONAL PSYCHOLOGY	257
14	Educational Psychology: History and Overview <i>Robin Banerjee, Andy Tolmie & Jim Boyle</i>	259
15	Educational Psychology: Pupil needs and Interventions <i>Robin Banerjee, Andy Tolmie & Jim Boyle</i>	281
16	Educational Psychology: Research on Cognitive and Biological Factors <i>Andy Tolmie</i>	305
17	Educational Psychology: Research on Developmental and Social Factors <i>Robin Banerjee</i>	327
PART V	OCCUPATIONAL PSYCHOLOGY	355
18	The Person and Individual Differences <i>Halley M. Pontes, Yi-Ling Lai, Almuth McDowall & Kevin Teoh</i>	357
19	Training, Learning and Development, and Coaching—Theories in Psychology <i>Yi-Ling Lai, Almuth McDowall, Halley M. Pontes & Kevin Teoh</i>	373
20	Well-being at Work <i>Kevin Teoh, Almuth McDowall, Halley M. Pontes & Yi-Ling Lai</i>	389
21	Occupational Psychology in Practice—Working with Organisations: Dealing with Structure, Change, Leadership, and Team Dynamics <i>Almuth McDowall, Kevin Teoh, Yi-Ling Lai & Halley M. Pontes</i>	405
PART VI	SPORT AND EXERCISE PSYCHOLOGY	421
22	The Nature of Sport and Exercise Psychology <i>Andrew Lane & Tracey Devonport</i>	423
23	Psychological Skills Interventions in Sport and Exercise Psychology <i>Tracey Devonport & Andrew Lane</i>	441
24	Sport and Exercise Psychology—Understanding Cognitive and Biological Factors <i>Andrew Lane & Tracey Devonport</i>	463
25	Sport and Exercise Psychology—Understanding Social, Developmental, and Personality Factors <i>Tracey Devonport & Andrew Lane</i>	487
PART VII	COUNSELLING PSYCHOLOGY	509
26	The Nature and Scope of Counselling Psychology <i>Vanja Orlans</i>	511
27	Counselling Psychology in Clinical Practice <i>Lucia Swanepoel</i>	527
28	A Research-Informed Approach to Counselling Psychology <i>Terry Hanley, Laura Anne Winter, Ruth Gordon & Adam Scott</i>	547
29	The Counselling Psychologist Researcher <i>Elaine Kasket</i>	567

PART VIII	COACHING PSYCHOLOGY	585
30	Coaching Psychology: What It Is and Why It Matters—An Emerging Conversation <i>Mary Watts, Julius Weinberg & David A. Lane</i>	587
31	Coaching Psychology—Understanding How to Apply Psychological Theory When Coaching <i>Marie Stopforth & Lorna Mills</i>	603
PART IX	EMERGING TOPICS IN APPLIED PSYCHOLOGY	615
32	Environmental Psychology <i>Birgitta Gatersleben</i>	617
33	Consumer Psychology <i>Cathrine Jansson-Boyd</i>	637
34	Community Psychology <i>Maria Fernandes-Jesus, Rebecca Graber, Carl Harris & Suzanne Wilson</i>	655
35	Political Psychology and Policymaking <i>Ashley Weinberg</i>	675
36	The Future of Applied Psychology <i>Alison Clarke</i>	691
PART X	TRAINING AND PROFESSIONAL ISSUES (AVAILABLE ON THE BOOK'S COMPANION WEBSITE)	703
37	Clinical Psychology: Training and Development <i>Fergal Jones</i>	705
38	Training and Working as a Health Psychologist <i>Charles Abraham, Karen Rodham, Daryl B. O'Connor & Mark Conner</i>	721
39	Training in Forensic Psychology and Professional Issues <i>Neil Gredecki & Polly Turner</i>	735
40	Educational Psychology: Professional Issues <i>Jim Boyle, Jeremy Monsen & Sarah Wright</i>	755
41	Professional Issues in Occupational Psychology <i>Almuth McDowall, Halley M. Pontes, Yi-Ling Lai & Kevin Teoh</i>	771
42	Sport and Exercise Psychology—UK Professional Structure and Applied Case Study <i>Tracey Devonport & Andrew Lane</i>	785
43	Training in Counselling Psychology <i>Gabriel Wynn & Laura Anne Winter</i>	803
44	Training in Coaching Psychology <i>Marie Stopforth</i>	817

About the Companion Websites	xxxi
CHAPTER 1 Introduction	1
<i>Graham Davey</i>	
1.1 The Scope of Applied Psychology	2
1.2 The Popularity of Applied Psychology	2
1.3 Teaching and Learning Features	3
References	4
PART I CLINICAL PSYCHOLOGY	5
CHAPTER 2 Clinical Practice	7
<i>Graham Davey</i>	
2.1 The Economic Cost of Mental Health Problems	9
2.2 Who are Mental Health Professionals?	10
2.3 Providing Mental Health Services	11
2.3.1 What Facilities Are Available?	11
2.3.2 How Are Mental Health Services Structured?	12
2.3.3 The Recovery Model	12
2.4 The Role of the Clinical Psychologist	13
2.4.1 Key Capabilities and Competencies	14
2.4.2 The Reflective Practitioner Model	15
2.4.3 Regulation and Continuing Professional Development	16
2.5 Clinical Practice Reviewed	16
Acknowledgement	16
Self-Test Questions	17
Essay Questions	17
Texts for Further Reading	17
Relevant Journal Articles	18
References	18
CHAPTER 3 The Causes of Mental Health Problems: Psychoses and Autistic Spectrum Disorder	19
<i>Graham Davey</i>	
3.1 Psychoses	20
3.1.1 Biological Factors	21
3.1.2 Cognitive Factors	24
3.1.3 Developmental/Social Factors	27
3.1.4 Summary of Research on Schizophrenia	29
3.2 Autistic Spectrum Disorder	29
3.2.1 Biological Factors	30
3.2.2 Cognitive Factors	32
3.2.3 Summary of Research on Autistic Spectrum Disorder	35

Acknowledgement	35
Self-Test Questions	35
Essay Questions	35
Texts for Further Reading	35
Relevant Journal Articles	36
Relevant Web Links	36
References	36

CHAPTER 4 The Causes of Mental Health Problems: Anxiety and Mood Disorders 41

Graham Davey

4.1 Anxiety-Based Problems	44
4.1.1 Panic Attacks and Panic Disorder	44
4.1.2 Worrying in Generalised Anxiety Disorder	47
4.1.3 Recurring Intrusive Thoughts in Obsessive-Compulsive Disorder	48
4.2 Depression And Mood Disorders	51
4.2.1 Biological Theories	51
4.2.2 Psychological Theories	53
4.2.3 Summary	56
4.3 Summary of Research on Anxiety and Depression	56
Acknowledgement	57
Self-Test Questions	57
Essay Questions	57
Texts for Further Reading	58
Relevant Journal Articles	58
References	59

CHAPTER 5 Treating Mental Health Problems with Psychological Therapies 65

Graham Davey

5.1 Theoretical Approaches to Treatment	67
5.1.1 Psychodynamic Approaches	67
5.1.2 Behaviour Therapy	68
5.1.3 Cognitive Therapies	69
5.1.4 Humanistic Therapies	71
5.1.5 Family and Systemic Therapies	72
5.1.6 Summary of Theoretical Approaches to Treatment	72
5.2 Modes of Treatment Delivery	73
5.2.1 Digital Technologies	73
5.2.2 Improving Access to Psychological Therapies (IAPT)	75
5.2.3 Summary	76
5.3 Evaluating Treatment	76
5.3.1 What Treatments Are Effective?	76
5.3.2 Is Treatment More Effective Than No Treatment?	76
5.4 Summary	77
Acknowledgement	78
Self-Test Questions	78
Essay Questions	78
Texts for Further Reading	79
Relevant Journal Articles	79
References	79

PART II HEALTH PSYCHOLOGY**83****CHAPTER 6 What is Health Psychology?****85***Charles Abraham, Mark Conner, Fiona Jones & Daryl B. O'Connor*

6.1	An Academic Discipline and A Profession	87
6.2	A Biopsychosocial Model of Health	88
6.2.1	Integrating Models and Findings across Academic Disciplines	88
6.3	Constructing and Testing Psychological Theory	88
6.3.1	Observation and Induction	89
6.3.2	Theory Testing and the Development of Measures	89
6.3.3	Deduction, Theory Building, and Intervention Evaluation	90
6.4	The Social and Societal Context of Stress and Health	91
6.4.1	Wealth Distribution, Socio-Economic Hierarchies, and Health	91
6.4.2	Health Risks and the Benefits of Health Behaviour Change	91
6.4.3	Socio-Economic Hierarchies, Stress, and Health	92
6.5	Health-Related Behaviour Patterns and Health Promotion	92
6.5.1	Behaviour Patterns and Health	92
6.5.2	Identifying Individual-Level Change Targets	94
6.5.3	A Multi-Level Framework for Promoting Health Behaviour Change	95
6.5.4	Planning Health Behaviour Change Interventions	96
6.6	Enhancing Health Care Through Behaviour Change	98
6.6.1	Improving Adherence	98
6.6.2	Improving Health-Care Professionals' Consultations	99
6.7	Conclusion	100
	Self-Test Questions	101
	Essay Questions	101
	Texts for Further Reading	101
	Relevant Journal Articles	101
	Relevant Web Links	102
	References	102

CHAPTER 7 A Biopsychosocial Approach to Health Psychology**105***Daryl B. O'Connor, Mark Conner & Charles Abraham*

7.1	Introduction	107
7.2	Basic Features of the Nervous System	107
7.2.1	Central Nervous System and Peripheral Nervous System	107
7.2.2	The Anatomy of the Brain	108
7.2.3	The Spinal Cord and Nerve Cells	109
7.2.4	Endocrine System	110
7.2.5	Cardiovascular System	111
7.2.6	Summary	111
7.3	What Happens When You Experience Stress?	111
7.3.1	The Sympathetic Adrenal Medullary Response System	111
7.3.2	The Hypothalamic-Pituitary-Adrenal Axis Response System	112
7.3.3	Stress and Cardiovascular Disease	112
7.3.4	Summary	113
7.4	The Psychology of Pain	114
7.4.1	The Role of Meaning in Pain	114
7.4.2	Gate-Control Theory of Pain	114

7.4.3	Pain Management	115
7.4.4	Summary	117
7.5	Psychoneuro-immunology	117
7.5.1	The Different Types of Immunity	118
7.5.2	Stress and the Immune System	118
7.5.3	Summary	121
7.6	A Biopsychosocial Approach to Health Psychology Reviewed	121
	Self-Test Questions	121
	Essay Questions	122
	Texts for Further Reading	122
	Relevant Journal Articles	122
	Relevant Web Links	122
	References	123

CHAPTER 8 Stress, Coping, and Health **125**

Daryl B. O'Connor, Fiona Jones, Charles Abraham & Mark Conner

8.1	Stress	126
8.1.1	How Does Stress Affect Us?—The Concept of Allostatic Load	127
8.1.2	What Kind of Stressors Are Important?—Life Events and Daily Hassles	127
8.1.3	Summary	129
8.2	Coping	130
8.2.1	Is There a Recommended Way to Cope with Stress?—Positive Reappraisal and Benefit Finding	131
8.2.2	Summary	131
8.3	Social Support	132
8.3.1	Benefits and Risks of Social Support (for the Supporter and the Supported)	134
8.3.2	Summary	134
8.4	Work Stress	135
8.4.1	Karasek's Job Demand-Control Model	135
8.4.2	Siegrist's Effort-Reward Imbalance Model	136
8.4.3	Work-Family Conflict and Work-Life Balance	137
8.4.4	Summary	138
8.5	Conclusion	138
	Self-Test Questions	139
	Essay Questions	139
	Texts for Further Reading	139
	Relevant Journal Articles	139
	Relevant Web-Links	139
	References	140

CHAPTER 9 Social Psychology and Health **145**

Mark Conner, Charles Abraham & Daryl B. O'Connor

9.1	Introduction	147
9.2	Personality and Health Behaviour	147
9.2.1	Neuroticism	148
9.2.2	Extraversion	148
9.2.3	Conscientiousness	149
9.2.4	Agreeableness	150
9.2.5	Openness	150
9.2.6	Combined Effects	150

9.2.7	Personality Change	150
9.2.8	Summary	151
9.3	Predicting Health Behaviour	151
9.3.1	Protection Motivation Theory	151
9.3.2	Theory of Planned Behaviour	152
9.3.3	Reasoned Action Approach	154
9.3.4	Summary	155
9.4	Changing Health Behaviour	155
9.4.1	Cognitive Dissonance and the Question-Behaviour Effect	155
9.4.2	Attitude Strength and Attitude Change	156
9.4.3	Enhancing Self-Efficacy	158
9.4.4	Intention Strength and Intention Change	159
9.4.5	Summary	160
9.5	Chapter Summary and Conclusion	160
	Self-Test Questions	161
	Essay Questions	161
	Texts for Further Reading	161
	Relevant Journal Articles	162
	Relevant Web Links	162

PART III FORENSIC PSYCHOLOGY

167

CHAPTER 10 Introduction to Forensic Psychology: Working with Organisations and Offenders

169

Carol A. Ireland

10.1	What do Forensic Psychologists do?	170
10.2	The Role of the Forensic Psychologist in an Organisation	170
10.2.1	The Role of Consultancy within an Organisation	170
10.2.2	Competencies of the Consultant	172
10.2.3	Types of Consultancy Work	172
10.3	The Role of the Forensic Psychologist When Working with Offenders	175
10.3.1	Types of Engagement	175
10.3.2	Diagnostic Assessment	175
10.3.3	Risk Assessment	175
10.3.4	Formulation of Offending	176
10.3.5	Intervention Work/Therapy	177
10.4	Ethical Issues Associated with Forensic Psychology	180
10.5	Conclusion	184
	Self-Test Questions	184
	Essay Questions	185
	Texts for Further Reading	185
	Relevant Journal Articles	185
	Relevant Web Links	186
	References	186

CHAPTER 11 Working with Child and Adult Victims

189

Ivan Sebal, Nishant Krishnan & Michelle Davies

11.1	The Effects of Criminal Victimisation	190
11.1.1	The Immediate Aftermath of Crime	190
11.1.2	Gender Differences in Response to Rape	191

11.1.3	Coming to Terms with Criminal Victimisation from a Social Psychological Perspective: Self-Blame and Counterfactual Thinking	191
11.1.4	Cognitive Therapy	192
11.1.5	Focus on Post-Traumatic Stress Disorder	193
11.2	Attitudes Towards Crime	194
11.2.1	How Do Societal Attitudes Towards Crime Influence Reporting?	196
11.2.2	Why Does Society Think Badly of Rape Victims?	196
11.2.3	Attitudes Towards Child Sexual Abuse	199
11.2.4	Evaluation	199
11.3	Repeat and Multiple Victimisation	200
11.3.1	The Victim-Prone Person?	200
11.3.2	Theories of Multiple Victimisation—From Child to Adult Victimisation	200
11.3.3	Resilient Victims and Breaking the Cycle of Abuse	201
	Self-Test Questions	202
	Essay Questions	202
	Texts for Further Reading	203
	Relevant Journal Articles	203

CHAPTER 12 Eyewitnesses and the Use and Application of Cognitive Theory 207

Charlie Frowd

12.1	Information Recall	209
12.1.1	The Accuracy of Recall	209
12.1.2	The Cognitive Interview	211
12.1.3	UK Interviewing Techniques	212
12.1.4	Descriptions of Faces	212
12.2	Person Recognition	214
12.2.1	Unfamiliar Face Recognition	214
12.2.2	Identification Procedures	216
12.3	Face Construction	217
12.3.1	Composite Systems: Past and Present	217
12.3.2	The Effectiveness of Feature Composite Systems	218
12.3.3	Internal and External Composite Features	220
12.3.4	Improving the Effectiveness of Composites	220
12.4	Summary: Evidence and Eyewitnesses	224
	Acknowledgement	225
	Self-Test Questions	225
	Essay Questions	226
	Texts for Further Reading	226

PART IV EDUCATIONAL PSYCHOLOGY **257**

CHAPTER 14 Educational Psychology: History and Overview **259**

Robin Banerjee, Andy Tolmie & Jim Boyle

14.1	What is Educational Psychology?	261
14.2	Historical Origins of Educational Psychology	262
14.2.1	Emergence of Educational Psychology as Professional Practice	262
14.3	Approaches to Education	262
14.3.1	Historical Changes in Approaches to Children and Schooling	262
14.3.2	Perspectives on Education Today	265
14.3.3	Summary	267
14.4	Understanding Pupil and Classroom Functioning	267
14.4.1	Assessing Pupils' Functioning	267
14.4.2	Organising and Managing the Classroom	268
14.4.3	Links Between Pupil and Classroom Functioning	270
14.4.4	Summary	271
14.5	Research Methods in Educational Psychology	272
14.5.1	Non-experimental Methods	272
14.5.2	Experimental Methods	273
14.5.3	Educational Neuroscience	274
14.5.4	Summary	275
14.6	Chapter Summary	275
	Self-Test Questions	276
	Essay Questions	276

CHAPTER 15 Educational Psychology: Pupil needs and Interventions **281**

Robin Banerjee, Andy Tolmie & Jim Boyle

15.1	Introduction	283
15.1.1	Special Educational Needs	283
15.2	Difficulties Associated with Cognitive Functioning	284
15.2.1	Moderate and Severe Learning Difficulties	285
15.2.2	Dyslexia and Other Specific Learning Difficulties	286
15.2.3	Summary	287

15.3	Social, Emotional, and Mental Health Needs	288
15.3.1	Internalising Problems	288
15.3.2	Externalising and Attention-Deficit Difficulties	289
15.3.3	Summary	291
15.4	Communication and Interaction Difficulties	291
15.4.1	Speech and Language Difficulties	291
15.4.2	Autistic Spectrum Conditions	293
15.4.3	Summary	294
15.5	Difficulties Associated with Sensory and Physical Needs	294
15.5.1	Summary	295
15.6	Approaches to Intervention	295
15.6.1	Inclusion	295
15.6.2	Intervention, Planning, and Review	296
15.6.3	Summary	298
