| CHAPTER 1 Introduction..... | 1 |
| Introduction to the author: it's personal | 1 |
| I work in the cannabis industry, and I don't get high..... | 1 |
| Note..... | 1 |
| My first exposure to weed was at a dry cleaner..... | 1 |
| Note..... | 2 |
| My role as a consultant..... | 2 |
| Purchasing cannabidiol | 3 |
| Field trips..... | 5 |
| Introduction to cannabis vocabulary..... | 7 |
| Introduction to cannabis regulation | 8 |
| I'm just curious, where is cannabis legal? | 8 |
| A brief history of cannabis regulations | 9 |
| Marihuana Tax Act of 1937..... | 9 |
| Controlled Substances Act of 1970 | 9 |
| Decriminalization | 9 |
| Marijuana Freedom and Opportunity Act of 2018 | 10 |
| Agriculture Improvement Act of 2018..... | 10 |
| Descheduling is the future..... | 11 |
| The National Cannabis Industry Association's four lanes of regulation proposal | 11 |
| November 2019: Marijuana Opportunity Reinvestment and Expungement Act..... | 12 |
| The Food and Drug Administration regulation..... | 12 |
| What is food? | 13 |
| What is a dietary supplement? | 13 |
| Here's a question I can't answer: will cannabis concentrate be regulated as a food additive, after descheduling of marijuana?.... | 14 |
| What is a food additive? | 14 |
| What is a functional food? | 14 |
| A tale of homonyms..... | 15 |
| Opinion on cannabis regulation | 15 |
| License for growing operations and harvesting..... | 15 |
| License for drying, extraction, processing, and manufacturing operations..... | 16 |
| License for dispensaries..... | 17 |
| License for transportation..... | 17 |
| License for cannabis laboratories..... | 18 |

| | |
|--|-----------|
| Conclusion | 18 |
| The Canadians | 19 |
| Safe Food for Canadians..... | 19 |
| Cannabis Act | 19 |
| Quality assurance person..... | 20 |
| References..... | 21 |
| CHAPTER 2 Overview of the cannabis industry..... | 25 |
| Vertical integration..... | 27 |
| Growing operations..... | 28 |
| What type of plant is <i>Cannabis</i> ?..... | 28 |
| Cannabis is a crop | 28 |
| Marijuana grown for research | 30 |
| Postharvest steps for cannabis products | 30 |
| Marijuana licensing in Colorado..... | 31 |
| Retail marijuana testing facility..... | 31 |
| Retail marijuana transporter..... | 31 |
| Retail marijuana cultivation facility | 31 |
| Retail marijuana products manufacturing..... | 31 |
| Hemp-derived and cannabis concentrate | 32 |
| Heat/pressure-based extraction | 32 |
| Winterization | 32 |
| Decarboxylation | 33 |
| Distillation | 33 |
| Cannabis-infused edibles..... | 33 |
| Retail marijuana store..... | 34 |
| References..... | 35 |
| CHAPTER 3 Begin with the end in mind®: the dispensary | 37 |
| The dispensary | 37 |
| Washington..... | 37 |
| Florida..... | 38 |
| California..... | 39 |
| Colorado..... | 40 |
| Michigan..... | 40 |
| Nevada | 40 |
| Home delivery | 40 |
| Taxation and licensing..... | 41 |
| References..... | 44 |

| | |
|--|-----------|
| CHAPTER 4 Good manufacturing practice compliance is not optional..... | 47 |
| Introduction to good manufacturing practices | 47 |
| What are GMPs?..... | 47 |
| Food and Drug Administration authority..... | 48 |
| Alignment of 21 CRF 111 and 21 CFR 117 | 49 |
| FDA GMP inspections and warning letters..... | 51 |
| Implementation of GMPs..... | 52 |
| Documentation..... | 52 |
| GMP training..... | 54 |
| Absolutes for training in the cannabis industry..... | 57 |
| The immunocompromised consumer..... | 57 |
| Handwashing and personal protective equipment..... | 57 |
| Traffic patterns..... | 58 |
| GMPs are only the beginning of safety for cannabis-infused edibles..... | 58 |
| What is the food safety team called at a cannabis-infused edible facility? | 59 |
| Elements of an edible safety plan | 59 |
| Supply chain program | 62 |
| Allergen management program | 62 |
| GMP certification is facility-specific | 62 |
| GMP certification is earned | 63 |
| Applying GMP certification to the cannabis industry | 64 |
| GMP certification does not ensure the safety of products..... | 65 |
| References..... | 67 |
| CHAPTER 5 Chemistry of cannabidiol and Δ^9-tetrahydrocannabinol | 69 |
| Concentrates are the products of extraction | 69 |
| Biochemistry | 69 |
| Endocannabinoid system..... | 70 |
| Phytocannabinoids | 70 |
| Terpenes | 70 |
| Entourage effect | 71 |
| Flavonoids..... | 71 |
| Organic chemistry..... | 71 |
| Extraction..... | 72 |
| Decarboxylation | 73 |
| Distillation | 74 |

| | |
|--|-----------|
| Analytical chemistry | 74 |
| References..... | 75 |
| CHAPTER 6 The hazard analysis | 77 |
| Beyond Hazard Analysis and Critical Control Points (HACCP) | 77 |
| Reminder | 78 |
| Definition of hazard analysis | 78 |
| Importance of doing a good job the first time | 80 |
| Importance of teamwork..... | 80 |
| Resources for the hazard analysis | 82 |
| Personnel | 82 |
| Food and Drug Administration rule and guidance..... | 82 |
| State code for marijuana regulations | 84 |
| The steps of writing a hazard analysis..... | 88 |
| Summary..... | 89 |
| References..... | 90 |
| CHAPTER 7 Preventive controls | 91 |
| Definition of a preventive control by the FSPCA..... | 92 |
| Allergen preventive controls | 93 |
| Step-by-step directions for the identification of allergen preventive controls..... | 94 |
| Application to cannabis-infused edibles..... | 96 |
| Supply chain preventive controls | 96 |
| Step-by-step directions for the identification of supply chain preventive controls..... | 97 |
| Application to cannabis-infused edibles..... | 99 |
| Process preventive controls..... | 100 |
| Step-by-step directions for the identification of process preventive controls..... | 100 |
| Application to cannabis-infused edibles..... | 101 |
| A warning to cannabis-infused edible manufacturers..... | 102 |
| Sanitation preventive controls | 102 |
| Step-by-step directions for the identification of sanitation preventive controls..... | 103 |
| Application to cannabis-infused edibles..... | 104 |
| Monitoring cleaning and sanitizing..... | 106 |
| Verification of cleaning and sanitizing..... | 106 |
| Implementation of a sampling plan..... | 107 |
| References..... | 109 |

| | |
|--|------------|
| CHAPTER 8 Nobody is talking about environmental monitoring | 111 |
| Environmental monitoring..... | 111 |
| Where is environmental monitoring conducted?..... | 112 |
| What if an edible does not have a kill step? | 112 |
| What if an edible is further processed after packaging?..... | 112 |
| Hazard of environmental pathogen identified in the hazard analysis..... | 113 |
| Pathogen testing of edibles..... | 113 |
| Water activity (a_w) | 114 |
| The fallacy of finished product testing of cannabis-infused edibles with pathogen tests..... | 114 |
| Factors to consider for a representative sample | 115 |
| Indicator tests | 116 |
| Adenosine triphosphate bioluminescence | 117 |
| <i>Staphylococcus aureus</i> | 118 |
| Total Yeast and Mold Count..... | 118 |
| Aerobic Plate Count..... | 119 |
| Enterobacteriaceae count..... | 120 |
| Coliform count..... | 120 |
| <i>E. coli</i> count | 121 |
| Kornacki Microbiology Solutions, Inc | 122 |
| Pathogen testing for environmental monitoring | 123 |
| Identify hygienic zones..... | 123 |
| Determine the pathogen of concern in the environment | 125 |
| The food industry would be shocked!..... | 128 |
| Initiation of an environmental monitoring program..... | 129 |
| Clean break | 129 |
| Use of dedicated HEPA-filtered vacuums | 129 |
| Sanitation preventive controls | 130 |
| Create a master site list..... | 130 |
| Seek and destroy | 131 |
| What to do when a site confirms positive for a pathogen | 131 |
| Investigational swabbing | 134 |
| Summary..... | 135 |
| References..... | 137 |
| CHAPTER 9 Operation: manufacturing of edibles | 139 |
| Characteristics of cannabis-infused edibles..... | 139 |
| Homogeneous | 139 |
| Portion-evident or individually packaged | 140 |

| | |
|--|------------|
| Shelf-stable..... | 140 |
| Foods made into cannabis-infused edibles..... | 140 |
| Product development..... | 141 |
| Food science..... | 142 |
| Cannabis science | 143 |
| Homogenization of cannabidiol and Δ^9 -tetrahydrocannabinol, again | 143 |
| Build food safety into product development | 144 |
| Validation of process preventive controls | 144 |
| Supply chain preventive controls | 145 |
| Written standard operating procedures..... | 145 |
| References..... | 146 |
| CHAPTER 10 Operation: packaging and labeling of edibles ... | 147 |
| The role of packaging..... | 147 |
| Colorado field trip | 147 |
| Important points about packaging of cannabis-infused edibles... <td>148</td> | 148 |
| Functional and opaque..... | 148 |
| Portioned or individually wrapped..... | 149 |
| Tamper-evident | 149 |
| Child-resistant..... | 150 |
| Unattractive to minors | 150 |
| Edibles and their packaging unlike certain commercially available products..... | 151 |
| A protection of the contents from contamination..... | 151 |
| The role of labeling..... | 151 |
| Nutrition Facts and Supplement Facts | 152 |
| Allergen declaration..... | 152 |
| The role of security..... | 153 |
| Food defense resembles security in the cannabis industry | 153 |
| Security in the cannabis industry | 154 |
| References..... | 157 |
| CHAPTER 11 Training needed in the cannabis industry..... | 159 |
| Importance of training..... | 159 |
| Resources specific to the cannabis industry | 161 |
| Reading materials..... | 161 |
| Events for networking | 162 |
| Cannabis courses, certificates, workshops and webinars, and degrees | 163 |
| Offerings for degrees, certificates, workshops, and webinars | 164 |

| | |
|--|------------|
| University degrees | 165 |
| Undergraduate degrees in the United States in medicinal plant chemistry..... | 165 |
| Graduate degrees in Canada | 165 |
| Resources in related fields..... | 165 |
| Training needed for personnel in cannabis-infused edible manufacturing | 166 |
| General resources for personnel in cannabis-infused edible manufacturing | 167 |
| A final thought..... | 167 |
| References..... | 168 |
| CHAPTER 12 Jobs in the cannabis industry..... | 173 |
| Transferring skills to the cannabis industry..... | 173 |
| Myth | 173 |
| Myth | 173 |
| Where do I start for a job in the cannabis industry?..... | 174 |
| Read..... | 174 |
| Field trips..... | 174 |
| Network..... | 174 |
| Know the jobs..... | 175 |
| Availability of jobs in the cannabis industry | 176 |
| Departmental needs within a cannabis-infused edibles manufacturer..... | 177 |
| The food industry can learn from the cannabis industry..... | 178 |
| Characteristics of a cannabis industry employee..... | 179 |
| Flexibility..... | 179 |
| Integrity..... | 179 |
| Driven to work hard..... | 180 |
| Readiness for promotion | 180 |
| References..... | 181 |
| CHAPTER 13 Final thoughts | 183 |
| Marijuana Business Conference (MJBizCon)..... | 183 |
| Cannabis associations..... | 184 |
| Presentations at MJBizCon..... | 184 |
| Exhibit hall at MJBizCon..... | 185 |
| Networking at MJBizCon..... | 186 |
| What did I learn about edibles at MJBizCon?..... | 188 |
| Nevada field trip..... | 189 |
| December 2019 | 190 |

| | |
