Contents

SECTION ONE **Research Fundamentals**

- 1 Rehabilitation Research, 1
- 2 Theory in Rehabilitation Research, 11
- 3 Evidence-Based Practice, 23
- 4 Finding Research Literature, 34
- 5 Research Ethics, 42

SECTION TWO **Research Design**

- 6 Research Paradigms, 55
- 7 Variables, 67
- 8 Research Validity, 75
- 9 Selection and Assignment of Participants, 91

SECTION THREE **Experimental Designs**

- 10 Group Designs, 105
- 11 Single-Subject Designs, 118

SECTION FOUR **Nonexperimental Research for Rehabilitation**

- 12 Overview of Nonexperimental Research, 141
- 13 Clinical Case Reports, 152

SECTION FIVE **Research Beyond the Everyday**

- 14 Qualitative Research, 159
- 15 Epidemiology, 176
- 16 Outcomes Research, 195
- 17 Survey Research, 215

SECTION SIX **Measurement**

- 18 Measurement Theory, 229
- 19 Methodological Research, 247

SECTION SEVEN **Data Analysis**

- 20 Statistical Reasoning, 257
- 21 Statistical Analysis of Differences: The Basics, 279

- 22 Statistical Analysis of Differences: Advanced, 296
- 23 Statistical Analysis of Relationships: The Basics, 310
- 24 Statistical Analysis of Relationships: Advanced, 321
- 25 Analysis and Interpretation of Data From Single-Subject Designs, 336

SECTION EIGHT **Being a Consumer of Research**

- 26 Evaluating Evidence One Article at a Time, 351
- 27 Synthesizing Bodies of Evidence, 369

SECTION NINE **Implementing Research**

- 28 Implementing a Research Project, 383
- 29 Disseminating Research, 405

APPENDICES, 415

- A Random Numbers Table, 415
- B Areas in One Tail of the Standard Normal Curve, 420
- C Questions for Narrative Evaluation of a Research Article, 421
- D Basic Guidelines for Preparing a Journal Article Manuscript, 424
- E American Medical Association Style: Sample Manuscript for a Hypothetical Study, 429
- F American Psychological Association Style: Sample Manuscript for a Hypothetical Study, 449
- G Sample Platform Presentation Script With Slides, 469
